Directors' Report

Financial Performance

Since past few years, the financial position of the Company is under severe stress on account of India's non-bank lending sector was hit by a crisis in 2018 when a large financier unexpectedly defaulted. Further, contraction of activity in 2020 on account of coronavirus pandemic, or COVID-19 pandemic, led to incremental slowdown and adverse developments in the financial sector globally, resultant severe deterioration in our cash flows.

Pursuant to Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 vide RBI circular dated June 7, 2019, the Company had entered into an Inter-Creditor Agreement (ICA) on July 6, 2019 for the resolution of its debt. Majority of our lenders have already executed the ICA with Bank of Baroda, acting as the Lead Lender. The timeline of 180 days given in the Circular was expired on January 3, 2020. In the Lender's meeting, considering the present situation in the country due to the ongoing Covid-19 pandemic, to enable the Company to come up with a viable resolution plan for the interest of all its creditors, all lenders had agreed to further extend the ICA period till September 30, 2021.The Company is confident of implementing its Resolution Plan within the said extended period.

Further, the current operations of the Company are being directed, reviewed and managed under the supervision of the lenders of the Company and such lenders are jointly deciding over the operational and strategic aspects of the Company including management of the cashflows through a cashflow monitoring agency, appointed by the lead banker.

The Lead Bank and the lenders forming part of ICA have appointed resolution advisors, cashflow monitoring agency, forensic auditor, valuers and legal counsel. Bank of Baroda as the Lead Lender and on behalf of the ICA lenders has as part of the debt resolution process has invited Expression of Interest (EoI) and bids from interested bidders vide newspaper advertisement dated July 28, 2020 and through the Lead Bank's website. Eighteen investors' initially, had expressed interest through submission of EoI's. The ICA lenders have evaluated, voted upon and selected Authum Investment & Infrastructure Limited ('Authum') as the final bidder on July 15, 2021 and the same has been intimated to the Stock Exchange by the Company through the media release dated July 19, 2021. The Resolution Plan has been shared with the Debenture Trustees to call for the Debenture Holder's meeting and seek their approval on the Resolution Plan.

Systemically Important Non-Deposit taking Non-Banking Financial Company

The Company is a Systemically Important Non-Deposit taking Non-Banking Financial Company, as defined under Section 45-IA of the Reserve Bank of India Act, 1934. The Company continues to comply with the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by the Reserve Bank of India (RBI).

Dividend

In view of loss incurred during the year, the Board of Directors have not recommended any dividend.

Management Discussion and Analysis

Management Discussion and Analysis Report for the year under review as stipulated under the Master Directions issued by the Reserve Bank of India is presented in a separate section, forming a part of this Annual Report.

Deposits

The Company has neither accepted nor renewed any fixed deposits during the year. There are no unclaimed deposits, unclaimed / unpaid interest, refunds due to the deposit holders or to be deposited to the Investor Education and Protection Fund as on March 31, 2021.

Particulars of Loans, Guarantee or Investments

Pursuant to Section 186(11) of the Companies Act, 2013 (the 'Act'), loans made and acquisition of securities by a Non-Banking Financial Company in the ordinary course of its business are exempted from disclosures in the Annual report.

Capital Adequacy Ratio

Your Company's Capital to Risk Asset Ratio (CRAR) calculated in line with RBI Directions stood at negative 125.48 percent against the regulatory minimum of 15 percent as on March 31, 2021.

Subsidiary companies, Associate and Joint Venture

As on March 31, 2021, the Company has a Subsidiary Company namely Gullfoss Enterprises Private Limited and two Associate Companies namely Reinplast Advance Composites Private Limited and Global Wind Power Limited. Further, the Company does not have any joint venture.

The summary of the performance and financial position of the subsidiary and associate companies are presented in Form AOC-1.

A report on the performance and financial position of each of the subsidiary and associate companies as per the Act is provided in the consolidated financial statement.

Standalone and Consolidated Financial Statement

The audited financial statement of the Company drawn up, both on standalone and consolidated basis, for the financial year ended March 31, 2021, are in accordance with the requirements of the Companies (Indian Accounting Standards) Rules, 2015 'Ind AS Rules' prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules and other accounting principles. The Consolidated Financial Statement have been prepared in accordance with Ind AS and relevant provisions of the Act based on the financial statement received from subsidiary and associate companies, as approved by their respective Board of Directors.

Directors

The Company has received declarations from all the Independent Directors of the Company confirming that they meet the criteria of Independence as prescribed under the Act.

The details of programme for familiarization of Independent Directors with the Company, nature of the industry in which the Company operates and related matters are put up on the website of the Company at https://www.reliancemoney.co.in/investors.

In compliance with provisions of Section 152 of the Companies Act, 2013, Mr. Dhananjay Tiwari, Executive Director of the Company retires by rotation and being eligible, offers himself for re-appointment at the ensuing Annual General Meeting.

During the year under review, there was no change in the Directors of the Company.

Further, based on the written representation received from the Directors as on March 31, 2021 taken on record by the Board of Directors and the legal opinion obtained by the Company, none of the Directors is disqualified as on March 31, 2021 from being appointed as a Director in terms of Section 164(2) of the Act.

In the opinion of the Board, the Independent Directors possess the requisite expertise and experience and are the persons of high integrity and repute. They fulfil the conditions specified in the Companies Act, 2013 and the Rules made thereunder and are independent of the management.

Key Managerial Personnel (KMP)

During the year under review, Ms. Amisha Depda became the Company Secretary & Compliance Officer of the Company with effect from June 10, 2020.

Evaluation of Directors, Board and Committees

The Company has devised a policy for performance evaluation of the individual Directors, Board and its Committees, which includes criteria for performance evaluation.

Pursuant to the provisions of the Act and the Rules made thereunder, the Board has carried out an annual performance evaluation of its own performance, the directors individually as well as the evaluation of the working of the Committees of the Board. The Board performance was evaluated based on inputs received from all the Directors after considering criteria such as Board composition and structure, effectiveness of Board and information provided to the Board, etc.

The performance of the committees was evaluated by the Board of Directors based on inputs received from all the committee members after considering criteria such as composition and structure of committees, effectiveness of committee meetings, etc.

A separate meeting of the Independent Directors was also held during the financial year for the evaluation of the performance of non-independent Directors, performance of the Board as a whole and that of the Chairman of the Board.

Policy on Appointment and Remuneration for Directors, Key Managerial Personnel and Senior Management Employees

The Nomination and Remuneration Committee of the Board has devised a policy for selection and appointment of Directors, Key Managerial Personnel and Senior Management Employees and their Remuneration. The Committee has formulated the criteria for determining qualifications, positive attributes and independence of a Director. The policy on the above can be accessed on the Company's website at the link https://www.reliancemoney.co.in/investors .

Directors' Responsibility Statement

Pursuant to the requirements under Section 134(5) of the Act with respect to Directors' Responsibility Statement, it is hereby confirmed that:

(a) In the preparation of the annual financial statement for the financial year ended March 31, 2021, the applicable Accounting Standards had been followed along with proper explanation relating to material departures; if any;

(b) The Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2021 and of the loss of the Company for the year ended on that date;

(c) The Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

(d) The Directors had prepared the annual financial statement for the financial year ended March 31, 2021 on a 'going concern' basis;

(e) The Directors had laid down proper internal financial controls to be followed by the Company and such financial controls are adequate and are operating effectively, the Company is taking constant steps to further strengthen the same; and

(f) The directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Contracts and Arrangements with Related Parties

All contracts / arrangements / transactions entered into / by the Company during the financial year under review with related parties were on arm's length basis and in the ordinary course of business.

There were no materially significant related party transactions which could have a potential conflict with the interest of the Company at large.

During the year, the Company had not entered into any contract / arrangement / transaction with related parties which could be considered material in accordance with the policy of the Company on materiality of related party transactions.

During the year, the Company has not entered into any contract/ arrangement/transaction with related parties which could be considered material in accordance with the policy of Company on materiality of related party transactions or which is required to be reported in Form AOC – 2 in terms of section 134 (3) (h) read with Section 188 of the Act and Rule 8(2) of the Companies (Accounts) Rules 2014.

All Related Party Transactions were placed before the Audit Committee and also the Board for approval. Prior omnibus approval of the Audit Committee was obtained for transactions which were of repetitive nature. The transactions entered into pursuant to the omnibus approval so granted, were reviewed and statements giving details of all related party transactions were placed before the Audit Committee and the Board of Directors on quarterly basis.

The policy on Related Party Transactions as approved by the Board of Directors is uploaded on the Company's website at the link https://www.reliancemoney.co.in/investors. Your Directors draw attention of the members to Note No. 47 to the Standalone Financial Statement which set out related party disclosures.

Material changes and commitments, if any, affecting the financial position of the Company

There were no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year and the date of the Report.

Meetings of the Board

A calendar of Meetings is prepared and circulated in advance to the Directors. During the financial year, seven Board Meetings were held.

Audit Committee

The Audit Committee of the Board consists of Independent Directors namely Mr. Sushilkumar Agrawal as the Chairman, and Ms. Rashna Khan and Non-Independent Director, Mr. Dhananjay Tiwari as Members. During the year, all the recommendations made by the Audit Committee were accepted by the Board.

Nomination and Remuneration Committee

The Nomination and Remuneration Committee of the Board consists of Independent Directors namely Mr. Sushilkumar Agrawal and Ms. Rashna Khan and Non-Independent Director Mr. Dhananjay Tiwari as members. The terms of reference of Nomination and Remuneration Committee are in accordance with the provisions of the Act, as amended from time to time. During the year, all the recommendations made by the Nomination and Remuneration Committee were accepted by the Board.

Auditors and Auditor's Report

At the 19th Annual General Meeting (AGM) of the Company held on September 30, 2019, the member of the Company had appointed M/s. Shridhar & Associates, Chartered Accountants to hold office as Statutory Auditors for a period of five consecutive years till the conclusion of the 24th Annual General Meeting. The Statutory Auditors of the Company as on financial year 2020-21 have completed three years.

Reserve Bank of India (RBI) vide its circular no. RBI/2021-22/25 Ref. No. DoS. CO. ARG / SEC.01 / 08.91.001 / 2021-22 dated April 27, 2021 has issued Guidelines for Appointment of Statutory Auditors (SAs) of Non-Banking Finance Companies (NBFCs) including Housing Finance Companies (HFC) ("RBI Circular"). Further, every NBFC including HFC is required to appoint Statutory Auditors under the said guidelines from Financial Year 2021-22, for a continuous period of three years, subject to the firms satisfying the eligibility norms each year.

Pursuant to RBI Circular, M/s. Shridhar & Associates , Chartered Accountants, Statutory Auditors' having completed their term, retire from the office of the Statutory Auditors.

M/s. O P Bagla & Co LLP, Chartered Accountants (Firm Registration No. 000018N/N500091) are proposed to be appointed as Auditors of the Company.

M/s. O P Bagla & Co LLP fulfils the eligibility criteria as prescribed in RBI Circular.

The Company has received letters from M/s. O P Bagla & Co LLP, Chartered Accountants, to the effect that they fulfils the eligibility criteria prescribed in RBI Circular and their appointment, if made, would be within the prescribed limits under Section 141(3) of the Act and that they are not disqualified from appointment as Statutory Auditors of the Company.

Your Directors have therefore proposed to appoint M/s. O P Bagla & Co LLP, Chartered Accountants as Statutory Auditors of the Company, subject to the approval of the members at the ensuing AGM.

The Auditors' in their Report to the Members have given the following qualified opinion and the response of your Directors with respect to them are as follows:

(i) Opinion on loan sanctioned under the Corporate Loan book with significant deviations to certain bodies corporate including group companies, the recovery against these loans are dependent on the recovery of onward lending of the borrowers which further depends on external factors not wholly within control of the Company.

Response :

The Company had given General Purpose Corporate Loan/ Working Capital Term Loan to certain bodies corporate in the ordinary course of business, the terms of which are at arms' length basis in the earlier years. None of these loans constitute as transactions with related parties. However, in few cases, the Company's borrowers had undertaken onward lending transactions to companies which are identified as Group Companies by Reliance Capital Limited (holding company) in terms of the Core Investment Companies (Reserve Bank) Directions, 2016 and it was noticed that end use of the borrowing taken from the Company by Group companies for repayment of their debt obligation. Further these loans are secured and in few cases its further guaranteed by the Group Companies.

(ii) Opinion on the impact, if any, due to non-recognition of the penal interest and additional interest being default and downgrade of the credit rating. There is material unreconciled balance as per books of the Company and lenders/banks as at March 31, 2021 subject to balance confirmation and their reconciliation from banks/lenders other than principal amount.

Response :

Lenders of Reliance Commercial Finance Limited ("Company" or "RCFL") have entered into an Inter-Creditor Agreement ("ICA") dated 6 July 2019 under the framework of the circular issued by the Reserve Bank of India on "Prudential Framework for Resolution of Stressed Assets" dated June 7, 2019 ("June 7 Circular"). All the current operations of RCFL, including the cashflows, are being directed, reviewed and managed under the supervision of the RCFL Lenders and RCFL Lenders are jointly deciding over the operational and strategic aspects of RCFL. RCFL has been directed by the lenders led by Bank of Baroda not to service debt obligation considering the cash position of the Company. In view of the same, delay in making payment to lenders /bond holders shall continue until the arrival on resolution plan. Also, in view of ICA process, the Company has not recognized any penal interest and additional Interest.

(iii) The Auditors' in their Report on Internal Financial Controls (IFC) Financial Reporting, have given a qualified opinion in respect of controls over expected credit loss modelling and in respect of corporate loan book segment due to weak credit appraisal and loan sanctioning mechanism.

Response:

The Company is taking constant steps to strengthen controls over expected credit loss modelling and its loan sanctioning, processing and documentation processes.

Secretarial Audit

Pursuant to the provisions of Section 204 of the Act read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014, the Board of Directors had appointed M/s. Bhatt & Associates Company Secretaries LLP, Practicing Company Secretaries, to undertake the Secretarial Audit of the Company. The Audit Report of the Secretarial Auditor is attached as Annexure I.

The Board noted the observations made by the Secretarial Auditor and is taking constant steps to strengthen the processes to avoid recurrence of the same.

Secretarial Standards

During the year under review, the Company has complied with the applicable Secretarial Standards issued by The Institute of Company Secretaries of India.

Maintenance of Cost Records

The Central government has not specified maintenance of cost records, for any of the products of the Company, under Section 148(1) of the Act.

Annual Return

As required under Section 134(3)(a) of the Act, the Annual Return for the financial year 2020-21 is put up on the Company's website and can be accessed at https://www.reliancemoney.co.in/investors.

Particulars of Employees and related disclosures

In terms of the provisions of Section 197(12) of the Act read with Rule 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, a statement showing the names and other particulars of the employees drawing remuneration in excess of the limits set out in the said Rules are provided in the Annual Report, which forms part of this Report.

Disclosures relating to the remuneration and other details as required under Section 197(12) of the Act read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, are also provided in the Annual Report, which forms part of this Report.

However, having regard to the provisions of first proviso to Section 136(1) of the Act, the Annual Report excluding the aforesaid information is being sent to all the members of the Company and others entitled thereto. The said information is available for inspection up to the date of the Meeting. Any member interested in obtaining the same may write to the Company and the same will be furnished on request.

Conservation of Energy, Technology Absorption and Foreign Exchange Earnings & Outgo

The Company is a Non-Banking Financial Company (NBFC) and does not involve in any manufacturing activity, most of the information as required under Section 134(3)(m) of Act read with Rule 8 of the Companies (Accounts) Rules, 2014 are not applicable. However, the information as applicable has been given in Annexure II forming part of this Report.

Corporate Governance

The Company being an NBFC and is also governed by the Corporate Governance norms prescribed by Reserve Bank of India (RBI) vide Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 vide RBI/DNBR/2016-17/45 Master Direction DNBR. PD. 008/03.10.119/2016-17 dated September 1, 2016. The Company has complied with the directions and circulars issued by the RBI in this regard.

Ombudspersons & Whistle Blower (Vigil Mechanism)

The Company has formulated an Ombudspersons & Whistle Blower (Vigil Mechanism) policy to address the genuine concerns, if any, of the Directors and employees. No person has been denied for direct access to the Chairperson of the Audit Committee. The policy can be accessed on the Company's website at the link https://www.reliancemoney. co.in/investors.

Risk Management

The Company has laid down a Risk Management policy, defining Risk profiles involving Strategic, Technological, Operational, Financial, Organizational, Legal and Regulatory risk within a well-defined framework. The Risk Management Policy acts as an enabler of growth for the Company by helping its business to identify the inherent risks, assess, evaluate and monitor these risks continuously and undertake effective steps manage these risks. A Risk Management Committee periodically reviews the robustness of Risk Management Policy.

Assets Liability Committee (ALCO) consisting of senior management executives, monitors liquidity and interest rate risk of the Company. The ALCO functions as sub-committee of Risk Management Committee which meets quarterly and reports to the Board of Directors.

We manage risks and build business continuity plans that allow us to focus on resilience in our day-to-day business operations. We have invoked BCP from March 18, 2020 after assessing the magnitude of the impact caused by the COVID-19 and are providing strategic support to ensure continuation of critical activities. The Company has ensured protecting employee's health & safety by implementing work-from-home and at the same time ensuring continuation of business operations. The businesses are greatly adjusting to the changing needs of its employees, customers and suppliers while navigating the financial, operational and cyber security challenges during & post COVID-19.

The Company also has a Risk Management Committee which consists of Independent Directors namely Mr. Sushil Kumar Agrawal as the Chairman, Ms. Rashna Khan, and Non-Independent Director, Mr. Dhananjay Tiwari as members.

Compliance with provisions of Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013

The Company is committed to uphold and maintain the dignity of woman employees and it has in place a policy which provides for protection against sexual harassment of women at work place and for prevention and redressal of such complaints. The Company has also constituted an Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. During the year no cases were received.

Corporate Social Responsibility

The Company has constituted Corporate Social Responsibility (CSR) Committee in compliance with the provisions of Section 135 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014. The CSR Committee has formulated a Corporate Social Responsibility Policy (CSR Policy) indicating the activities to be undertaken by the Company. The CSR policy may be accessed on the Company's website at the link https://www.reliancemoney.co.in/investors.

As on March 31, 2021, the CSR Committee consists of Independent Directors viz. Ms. Rashna Khan, Mr. Sushil Kumar Agrawal, and Non-Independent director, Mr. Dhananjay Tiwari as members.

The disclosures with respect to CSR activities are given in "Annexure III".

Significant and material Orders passed by the Regulators or Courts or Tribunal

The Company received direction from RBI under section 45 N and 45 L directing not to access 'public funds' and not to take any further exposure with immediate effect, until further notice.

The Company had filed writ petition with the Hon'ble High Court of Delhi challenging Bank of Baroda wrongful action of classifying the Company's account as a 'fraud'. The Hon'ble High Court of Delhi had passed an order restraining Bank of Baroda from taking any coercive action and directed categorization of Company as 'Fraud' be kept in abeyance.

Punjab National Bank, State Bank of India and Bank of Maharashtra had also categorized Company's account as a fraud. The Hon'ble High Court of Delhi also passed similar order(s) and extended the stay on said banks as well.

Internal Financial Controls and their adequacy

The Company has in place adequate internal financial control systems across the organization. The same is subject to review periodically. The Company is taking constant steps to extend the scope of Internal Auditors to commensurate with the size and nature of Company's business and operations.

General

During the year under review there were no reportable events in relation to issue of equity shares with differential rights as to dividend, voting or otherwise, issue of sweat equity shares to its Directors or Employees, proceedings pending under the Insolvency and Bankruptcy Code, 2016, and one-time settlement with any Bank or Financial Institution.

Acknowledgement

Your Directors would like to express their sincere appreciation for the co-operation and assistance received from shareholders, debenture holders, debenture trustee, bankers, financial institutions, regulatory bodies and other business constituents during the year under review. Your Directors also wish to place on record their deep sense of appreciation for the commitment displayed by all executives, officers and staff.

For and on behalf of the Board of Directors

Annexure I

Form MR-3

SECRETARIAL AUDIT REPORT

For the financial year ended March 31, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members,

Reliance Commercial Finance Limited

7th Floor, B-Wing, Trade World, Kamala Mills Compound, S. B. Marg, Lower Parel, Mumbai - 400013.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Reliance Commercial Finance Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on our verification of Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2021complied with the statutory provisions listed hereunder and also that the Company has proper Board - processes and compliance – mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021, according to the provisions of:

i. The Companies Act, 2013 (the 'Act') and the Rules made thereunder;

ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings – Not Applicable;

v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') are applicable:-

    (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 – Not Applicable;

    (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

    (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018– Not Applicable;

    (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 – Not Applicable;

    (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

    (f) The Securities and Exchange Board of India (Registrars to an issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client– Not Applicable;

    (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 – Not Applicable; and

    (h) The Securities and Exchange Board of India (Buy Back of Securities) Regulations, 2018 – Not Applicable.

We have examined compliance with applicable clauses of the following:

(i) Secretarial Standards issued by the Institute of the Company Secretaries of India for General Meetings, Board and Committees Meetings; and

(ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and uniform Listing Agreement with BSE Limited.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations and Guidelines mentioned above except for filing of resolutions passed at the Annual General Meeting through Video Conferencing or Other Audio Visual Means.

The Company has complied with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 except submission of Annual Undertaking u/r 57(2); delay in submission of Certificate u/r 57(1) w.r.t. nonpayment of interest amount, record date for interest payment u/r 60 in certain cases, disclosures pursuant to SEBI Circular dated 21.11.2019 w.r.t. defaults in payment of interest / principal amount on loans from banks / financial institutions to Stock Exchange respectively;

We further report that based on the compliance mechanism established by the Company, which has been verified on test checked basis and the Compliance Report submitted to and taken on record by the Board of Directors of the Company, we are of the opinion that the Company has complied with the provisions of following laws applicable specifically to the Company:

(a) Reserve Bank of India Act (RBI), 1934 and its circulars, Master Circulars, notifications and its Directions as prescribed for NBFCs except;

   (i) With respect to the Reserve Bank of India Master Direction on Information Technology Framework for the NBFC Sector pertaining to appointment of Chief Technology Officer, migration to IPV6 platform, conducting IT meeting within the prescribed time limit and conducting a formal training.

   (ii) Non- registration on NeSL portal and submission of financial information in Form C relating to assets on which security has been created;

   (iii) Minimum capital adequacy ratio as prescribed and appointing a Chief Risk Officer of the Company.

   (iv) The position of Principal Officer was vacant from March 02, 2020 till January 20, 2021.

(b) Prevention of Money Laundering Act, 2002.

Further, based on the written representation received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

On account of pandemic "COVID 2019" and restrictions imposed by the state government, the audit process has been modified, wherein certain documents /records etc were verified in electronic mode and have relied on the representations received from the Company.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non – Executive Directors and Independent Directors. No changes in the composition of the Board of Directors that took place during the year under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The decisions at Board Meetings and Committee Meetings are carried out and recorded in the minutes of the Board of Directors and Committee of the Board accordingly.

We have relied on the representation made by the Company and its Officers for adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the Company has undertaken event / action having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. referred to above viz.

1) Appointment of Ms. Amisha Depda as Company Secretary & Compliance Officer of the Company;
2) Change in the Registered Office of the Company.
3) Default in payment of interest and redemption of Non-convertible debentures and term loan.

Management Discussion and Analysis

Forward looking statements

Statements in this Management Discussion and Analysis of Financial Condition and Results of Operations of the Company describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities laws and regulations. Forward looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements, based on any subsequent developments, information or events. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include determination of tariff and such other charges and levies by the regulatory authority, changes in Government regulations, tax laws, economic developments within the country and such other factors globally.

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under Section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by Reserve Bank of India (RBI). The financial statements have been prepared on a going concern basis.

The management of Reliance Commercial Finance Limited ("Reliance Commercial Finance" or "RCF" or "the Company") has used estimates and judgments relating to the financial statement on a prudent and reasonable basis, in order that the financial statement reflect in a true and fair manner, the state of affairs for the year.

The following discussions on our financial condition and result of operations should be read together with our consolidated financial statements and the notes to these consolidated financial statements included in the Annual Report.

Unless otherwise specified or the context otherwise requires, all references herein to "we", "us", "our", "the Company", "Reliance", "RCF", "RCFL" or "Reliance Commercial Finance" are to Reliance Commercial Finance Limited.

Macroeconomic Overview

Global Covid-19 pandemic continue to challenge global and domestic markets and economies. The Covid-19 crisis and the subsequent nationwide lockdown has resulted in a standstill of business and industrial operations across India. The fallout of this is that the credit profile of many entities across sectors has become vulnerable; and this is bound to have credit implications that may vary from near-term to medium to long-term. Policy-makers across the world have reacted with aggressive policy response to contain the fallout of the pandemic.

RBI also unleashed a slew of measures comprising of Targeted LTRO 2.0 (Long Term Repo Operations), special financing window, COVID-19 package, reduction in reverse repo rate and some regulatory forbearance. RBI has rolled out various COVID-19 packages likes 6 months moratorium, Ex-gratia refund, Resolution Framework (providing window for additional moratorium / restructuring of loans) and Refund of Interest on Interest etc. Series of fiscal and liquidity support to the tune of whopping ₹ 29.9 trillion during Mar'20-Oct'20, which is 14.6% of GDP. Even if we exclude the RBI's liquidity/monetary support of ₹ 12.7 trillion, the government's portion of fiscal stimulus translates to ~8.4% of GDP, which is substantially higher than the fiscal stimulus of ~1.8% of GDP announced during GFC (Global Financial Crisis). The capital market regulator, SEBI too has allowed relaxation in default recognition norms, in this crisis. This clearly reflected that the central bank stood vigilant and ready to unleash its arsenal of conventional and unconventional tools with the sole objective to assuage the impact of crisis.

We are in the middle of a strong second Covid wave. The second wave has seen much higher daily cases at 4 lakhs+ vs a peak of about 1 lakh cases in the first wave. The growth in cases has also been at a much higher rate. Active cases are around 37.4 lakhs now vs a peak of about 10 lakh active cases in the first wave. Vaccination remains the key to sustainable decline in the impact of pandemic. The risk to this view comes from the high levels of Test Positivity Rate (TPR). TPR is running at its peak levels of 20% plus.

Union Budget

For the first time after several years, the government appeared to be more focused on economic growth over populist measures. The Union Budget 2021-2022 clearly focused on growth momentum and job creation. The government tried to ensure all necessary measures in place to support developmental activities by sharp 26% increase in capital expenditure for FY22E along with higher allocation for infrastructure projects. Despite fiscal constraints, the government has hit the right cord by focusing on infrastructure development, which should essentially aid several ancillary industries and lead to job creation. Further, proposal to set up a bad bank to address bad loan issues and Development Financial Institution (DFI) can be considered as bold moves, which should essentially aid credit growth and infrastructure development. Undoubtedly, the Budget succeeded in offering clarity about the sustainability of rebound in economic activities, going forward.

Additionally, it was heartening to see the government's strong intent to revive economic growth and giving the least importance to global rating agencies by opting growth over sovereign rating. Notably, expected fiscal deficit of 9.5% for FY21E seems to be on higher side leading to higher government borrowing of ₹ 18.5 trillion and ₹ 12 trillion in FY22E.

About Reliance Commercial Finance

Reliance Commercial Finance Limited (RCF), a subsidiary of Reliance Capital Limited, provides a wide range of loan solutions like SME Loans, Micro-finance, Infrastructure Finance, Supply Chain Finance, Two-wheeler Loans, Used Car Loans and Personal Loans. The focus in this business continues to be on asset backed lending and productive asset creation. The aim of RCF is not only credit growth per se, but also the quality of credit sourced.

As of March 31, 2021, Reliance Commercial Finance Limited (RCF), a wholly owned subsidiary of RCL had Assets Under Management (including securitized portfolio) was ₹ 10,934 crore as against ₹ 11,398 crore as on March 31, 2020. During the year, the Company has not securitized loans as against ₹ 241 crore securitized in the previous year. As on March 31, 2021, the outstanding loan book was ₹ 10,021 crore as against ₹ 10,441 crore at the end of March 31, 2020. RCF reported a loss of ₹ 2,665 crore for the year ended March 31, 2021 as against a loss 1,441 crore in the previous year.

Since the last financial year, due to sudden adverse developments in the financial sector, all categories of lenders in India (including Banks, Mutual Funds, etc.) have put near complete freeze on additional lending to Non-Banking Financial Companies (NBFCs) and Housing Finance Companies (HFCs) and have been insisting for reducing the existing level of borrowings which has severely impacted the financial flexibility of majority of NBFCs & HFCs.

These developments have also adversely impacted the Company resulting into liquidity mismatch. The rating of the company was downgraded to default "CARE D". The lenders of the Company had entered into an Inter-Creditor Agreement (ICA) for the resolution of its debt in accordance with the circular dated June 7, 2019 issued by the Reserve Bank of India on Prudential Framework for Resolution of Stressed Assets and the Company is continuously engaged with its Lenders for Debt resolution. Bank of Baroda as the Lead Lender and on behalf of the ICA lenders has as part of the debt resolution process had invited Expression of Interest (EoI) and bids from interested bidders vide newspaper advertisement dated 28 July 2020 and through the Lead Bank's website. 18 investors' initially, had expressed interest through submission of EOI's. The ICA lenders have evaluated, voted upon and selected Authum Investment & Infrastructure Limited as the final bidder on July 15, 2021 and the same has been intimated to stock exchange by the company through the media release dated July 19, 2021. Authum's resolution plan has been shared with the Debenture Trustees to call for the Debenture Holder's meeting and seek approval on the resolution plan.

Also, based on the instructions of ICA lenders, the company has so far distributed/ earmarked a sum of ₹ 1,213 crores to it's financial creditors, as interim measure, on pro rata basis (which is subject to final resolution plan).

ICA Lender's have extended the ICA period till September 30, 2021. The Company is confident of implementing its Resolution Plan within the said extended period.

In view of the resolution process being in the final stages, the accounts of the Company have been prepared on "Going Concern" Basis.

Inspite of the difficult times company is going through, the Company in line with RBI guidelines had offered moratorium to its customers based on their eligibility for EMIs falling due between 1 March, 2020 to 31 August, 2020. Further, the Company had offered resolution plans to its customers pursuant to RBI's guideline on 'Resolution framework for COVID-19 related stress' and benefits of the Ex-gratia scheme was also passed on to customers.

Risks and Concerns

As explained above, the Financial year 2021 were very much volatile and posed many unexpected risks and challenges. As a prudent practice, your Management has given more attention to safeguarding interest of all the stakeholders in this challenging period. In the process, RCFL is exposed to various risks that are inherent part of any financial service Company. These risks are specific to our businesses and the environment within which we operates, including market risk, competition risk, credit risk, liquidity and interest rate risk, human resource risk, operational risk, information security risks, regulatory risk and macro-economic risks.

1. Credit risk

Credit risk is a risk arising out of default or failure on the part of borrowers in meeting their financial obligations towards repayment of loans. Thus, credit risk is a loss as a result of non-recovery of funds lent both on principal and interest counts. This risk is comprehensively addressed both at the strategic level and at the client level. There is a governance framework with risk oversight being provided by the Risk Management Committee.

2. Market risk

The Company has exposure to Market Linked Debentures, whose returns are linked to relevant underlying market instruments or indices. RCFL continuously monitors market exposure for both equity and debt and, in appropriate cases, also uses various derivative instruments as a hedging mechanism to limit volatility. However, there were no fresh issuance in the current financial year.

3. Liquidity and Interest Rate risk

The Company is exposed to liquidity risk principally, because of lending and investment for periods which may differ from those of its funding sources. Asset liability positions are managed in accordance with the overall guidelines laid down by various regulators in the Asset Liability Management (ALM) framework.

The Company may be impacted by volatility in interest rates in India which could cause its margins to decline and profitability to shrink. The success of the Company's business depends significantly on interest income from its operations. It is exposed to interest rate risk, both as a result of lending at fixed interest rates and for reset periods which may differ from those of its funding sources. Interest rates are highly sensitive to many factors beyond the Company's control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions and, inflation. As a result, interest rates in India have historically experienced a relatively high degree of volatility.

The Company seeks to match its interest rate positions of assets and liabilities to minimize interest rate risk. However, there can be no assurance that significant interest rate movements will not have an adverse effect on its financial position.

As a result of adverse developments in financial market the operations of the Company have also adversely impacted resulting into liquidity mismatch. The rating of the company was downgraded to default "CARE D" in the FY 2020. The lenders of the Company had entered into an Inter-Creditor Agreement (ICA) for the resolution of its debt in accordance with the circular dated June 7, 2019 issued by the Reserve Bank of India on Prudential Framework for Resolution of Stressed Assets and the Company is continuously engaged with its Lenders for Debt resolution. Bank of Baroda as the Lead Lender and on behalf of the ICA lenders has as part of the debt resolution process has invited Expression of Interest (EoI) and bids from interested bidders vide newspaper advertisement dated 28 July 2020 and through the Lead Bank's website. 18 investors' initially, had expressed interest through submission of EOI's. The ICA lenders have evaluated, voted upon and selected a final resolution plan and the same has been shared with Debenture Trustees for further voting by Debenture holders (non ICA lenders).

4. Human Resource risk

The Company's success depends largely upon the quality and competence of its Management Team and key personnel. Attracting and retaining talented professionals is therefore a key element of the Company's strategy and a significant source of competitive advantage. While the Company has a salary and incentive structure designed to encourage employee retention, a failure to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an impact on the Company's business, its future financial performance and the results of its operations. Despite various challenges the Company could retain core team.

5. Operational risk

Operational Risk is the risk of loss resulting from inadequate or failed internal processes, people, systems, or from external events. Operational Risk includes legal risk but excludes strategic and reputational risks. Such risks could have a materially adverse effect on the Company's financial position and the results of its operations.

The operations of the Company have been automated which minimises the operational risk arising out of human errors and omissions. Further a system of internal controls is practiced by RCFL to ensure that all its assets are safeguarded and protected against loss from unauthorised use or disposition and all its transactions are authorised, recorded and reported correctly. The Audit Committee of Board has placed an independent Internal Auditor who periodically reviews the adequacy of our internal controls. The Company has implemented SAP systems for core accounting function.. With this initiative, along with other key systems and checks and balances established, we believe that our overall control environment has been enhanced.

6. Information security risk

RCFL has Information Security Risk monitoring systems and tools to guard and protect sensitive customer data and guard against potential hackers and viruses. The Information Security team is governed by the Information Technology Strategy Committee. Various controls and sophisticated technology is adopted across lines of business to ward off cyber threats and protect information residing within the Company.

7. Regulatory risk

As an entity in the financial services sector, the Company is subject to regulations by Indian governmental authorities, including the RBI. Government's and Regulator's laws and regulations impose numerous requirements on the Company, including asset classifications and prescribed levels of capital adequacy liquid assets. The Company has been ensuring regulatory compliance by timely submitting regulatory filings, submission of various information sought, filing of periodic returns etc.

Internal Control

The Company maintains a system of internal controls designed to provide an assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls, and compliance with applicable laws and regulations.

The organization is well structured and the policy guidelines are well documented with pre-defined authority. The Company has put in place adequate systems to ensure that assets are safeguarded against loss from unauthorised use or disposition and that transactions are authorised, recorded and reported.

The Company uses Information Technology in its operations for ensuring effective controls besides economy. It also helps the Company in providing MIS and prompt information / services to its customers and other stakeholders.

The Company has an independent internal audit function which continuously evaluates the adequacy of, and compliance with, policies, plans, regulatory and statutory requirements. Risk based approach is adopted while carrying out the audits. Internal audit also evaluates and suggests improvement in effectiveness of risk management, control and governance process. The Audit Committee of Board provides necessary oversight and directions to the internal audit function and periodically reviews the findings and ensures corrective measures are taken.

Human Resources

Due to the ongoing financial crunch, the liquidity scenario and subdued business activity, the company has experienced a decline in the workforce. The Company has a dedicated team of 163 employees as on March 31, 2021, who have been contributing to the progress and growth of the Company. The Company also invests in professional development and providing career development opportunities for its employees. The Company has a leadership competency framework which identifies the potential leaders on a regular basis and as a result of which most of the senior management has grown within the organization.

Independent Auditors' Report on the Standalone Ind AS Financial Statements

To,

The Members,

Reliance Commercial Finance Limited

Report on the Audit of Standalone Ind AS Financial Statements

Qualified Opinion

We have audited the accompanying standalone Ind AS financial statements of **Reliance Commercial Finance Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the standalone Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone Ind AS financial statements")

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS"), of the state of affairs of the Company as at March 31, 2021, its losses (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

a) We draw attention to Note No. 64 of the standalone Ind AS financial statements with regards to the loan sanctioned under the Corporate Loan book with significant deviations to certain bodies corporate including group companies and outstanding as at March 31, 2021 aggregating to ₹ 4,979.89 crore and secured by charge on current assets of borrowers. As stated in the said note, in certain cases the corporate borrowers of Company's, have undertaken onward lending transactions and end use of the borrowings from the Company included borrowings by or for repayment of financial obligation to some of the group companies. These exposures to borrowers are secured against charge on current assets including in certain cases it's further guaranteed by the Group Companies. Further, the Company has provided Expected credit loss on loan and advance for the year ended March 31, 2021 (refer Note No. 48 (E) to the standalone Ind AS financial statements). The recovery against these loans are dependent on the recovery of onward lending of the borrowers which further depends on external factors not wholly within control of the Company. We were unable to obtain sufficient audit evidence about the recoverability of the aforesaid loans. Accordingly, we were unable to determine the consequential implications arising there from and it may have implications of adjustments, disclosures or compliances on certain elements in the accompanying standalone financial statements of the Company.

b) The Company has entered into an Inter Creditors Agreement ("ICA") dated July 6, 2019 under the framework of the circular issued by the Reserve Bank of India on "Prudential Framework for Resolution of Stressed Assets" dated June 7, 2019 ("June 7 Circular"). In view of ICA agreement, the Company has not recognized any penal interest and additional interest due to default and downgrade of the credit rating. Subject to balance confirmation and their reconciliation from banks/lenders other than principal amount, there is material unreconciled balance as per books of the Company and lenders/banks as at March 31, 2021. The impact, if any, due to non-recognition of the penal interest and additional interest as explained above, in the standalone Ind AS financial statements is not ascertainable at present. Accordingly, we are unable to comment on the completeness and accuracy of the bank balances, borrowings and interest expense thereof as at March 31, 2021 and for the year ended on that date respectively.

Going Concern

We draw attention to Note No. 59 of the standalone Ind AS financial statements which sets out the fact that, during the year the Company has incurred losses of ₹ 2,665.27 crore (31 March 2020 : ₹ 1,440.80 crore) and it has accumulated losses of ₹ 6,012.48 crore (31 March 2020 : ₹ 3,347.21 crore) resulting it has negative Capital to risk weighted assets ratio (CRAR) and negative net owned fund (refer Note No. 45 (ii) to standalone Ind As financial statements). The Company is engaged with all its lenders to enter into an Inter-Creditor Agreement (ICA) dated July 6, 2019 and subsequent extension of ICA till June 30, 2021 for the resolution of its debt in accordance with the circular dated June 7, 2019 issued by the Reserve Bank of India on Prudential Framework for Resolution of Stressed Assets. Resolution under Inter-Creditor Agreement (ICA) frame-work for its debt depend on agreement with lenders and other external factors. In view of the steps taken by the Company along with Inter-Creditor Agreement (ICA), accordingly, the standalone Ind AS financial statements of the Company have been prepared on a going concern basis. The Company's ability to meet its obligations is significantly dependent on material uncertain events including restructuring of loans and achievement of debt resolution under Inter-Creditor Agreement (ICA) frame-work that may cast significant doubt on the Company's ability to continue as a going concern.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

a) We draw attention to Note No. 61 of the standalone Ind AS financial statements referring to filing of Form ADT-4 under Section 143(12) of the Companies Act, 2013 to Ministry of Corporate Affairs (MCA) by the previous auditor. Based on the views of the Company and supported by legal opinions there were no matters attracting the said Section. This matter is still pending with the MCA.

b) We draw attention to Note No. 56 (i) of the standalone Ind AS financial statements, in which the extant to which the COVID-19 pandemic will impact the Company's financial performance including the Company's estimates of impairment of total assets which is dependent on future developments, which are uncertain.

Our opinion is not modified in respect of above matters.

Key Audit Matters

Except for matters described in the Basis for Qualified Opinion Section. We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report, but does not include the standalone Ind AS financial statements and our auditor's report thereon. The Directors report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Standalone Ind AS financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

(1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(2) As required by section 143(3) of the Act, we report that:

a. We have sought and except for the matter described in the Basis for Qualified Opinion section of our report, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

c. The Balance Sheet, the Statement of Profit and Loss including the statement of Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account;

d. Except for the effects of the matter described in the Basis for Qualified Opinion section of our report, In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;

e. The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.

f. On the basis of the written representations received from the directors as on March 31, 2021, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act;

g. With respect to the adequacy of the internal financial controls over financial reporting of the company with reference to standalone Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2";

h. In our opinion and to the best of our information and according to the explanations given to us, the managerial remuneration for the year ended March 31, 2021 has been paid/ provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V of the Act;

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note No. 43 (a) on Contingent Liabilities to the standalone Ind AS financial statements;

(ii) The Company has made provision as at March 31, 2021, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note No. 62 to the standalone Ind AS financial statements;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2021.

Annexure 1 to the Independent Auditor's Report

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Reliance Commercial Finance Limited on the standalone Ind AS financial statements for the year ended March 31, 2021.

(i) (a) The Company is maintaining the fixed asset register proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The fixed assets are physically verified by the management according to phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme a portion of the fixed assets has been physically verified by the management during the year and no material discrepancies have been noticed on such verifications.

(c) The title deeds of immovable properties, as disclosed in Note No. 14 on Property, plant and equipment to the standalone Ind AS financial statements, held in the name of the Company by way of Scheme of Arrangement sanctioned by the NCLT vide its order dated October 14, 2017.

(ii) The Company is in the business of rendering of services, and consequently, does not hold any inventory. Therefore, the provisions of clause 3(ii) of the said Order are not applicable to the Company.

(iii) As informed, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3 (iii)(a), 3 (iii)(b) and 3 (iii)(c) of the Order are not applicable to the Company.

(iv) The Company is a Non-Banking Finance Company registered with the Reserve Bank of India and engaged in the business of financing. Also the Company has not made any investments, or provided any guarantees or security to the parties covered under section 185 and 186. Accordingly, the provisions of Section 185 and 186 are not applicable to the Company.

(v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the provisions of Sections 73 to 76 of the Act and the rules framed there under.

(vi) To the best of our knowledge and as explained, the Central Government has not prescribed the maintenance of cost records for any of the products of the Company under sub-section (1) of Section 148 of the Act and the rules framed there under.

(vii) (a) The Company is generally regular in depositing with appropriate authorities, undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and service tax, customs duty, cess and any other material statutory dues applicable to it.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, sales tax, service tax, value added tax, goods and service tax, customs duty, excise duty, cess and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable.

(c) According to the information and explanation given to us, there are no dues with respect to income tax, sales tax, service tax, value added tax, goods and service tax, customs duty, excise duty, which have not been deposited on account of any dispute.

(viii) According to the information and explanations given to us, the Company has not defaulted in repayment of borrowings to any financial institutions or banks or dues to debenture holders except for the following instances of delay/default in repayment of principal and interest amounts of the followings:

Sr No	Particulars	Amount of default as at the Balance sheet date (Amount in crore)		Period of default (Days) / Since

Annexure 1 to the Independent Auditor's Report

(ix) In our opinion and according to the information and explanations given to us, during the year, the Company has not raised any money by way of initial public issue offer or further public offer (including debt instruments) and by way of term loans.

(x) According to the information and explanations given to us, and based on our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of fraud by the Company or any fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management. (We draw attention to Note No. 61 of the standalone Ind AS financial statements).

(xi) According to the information and explanations given to us, managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Therefore, paragraph 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanation given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of Act, where applicable and the details have been disclosed in the standalone Ind AS financial statements, as required by the applicable accounting standards. (Refer Note No. 47 to standalone Ind AS financial statements)

(xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Therefore, paragraph 3(xiv) of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him during the year.

(xvi) The Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and the registration has been obtained by the Company.

Annexure 2 to the Independent Auditor's Report

Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Reliance Commercial Finance Limited on the standalone Ind AS financial statements for the year ended March 31, 2021.

Report on the Internal Financial Controls with reference to Standalone Ind AS Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Reliance Commercial Finance Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Standalone Ind AS Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis of Qualified Opinion

According to information and explanations given to us and based on our audit following material weaknesses has been identified as at March 31, 2021:

The Company's internal financial control system over financial reporting is not operating effectively in respect of controls over expected credit loss modelling and in respect of corporate loan book segment due to weak credit appraisal and loan sanctioning mechanism, however the Company has not lent any new loan to borrower during the current financial year. Internal control system need to be strengthened for credit evaluation, and establishing customer credit limits for disbursement of loan, to mitigate the risk of potentially result in the Company recognising revenue without establishing reasonable certainty of ultimate collection. We have not received sufficient audit evidences for other controls and we are unable to comment on operating effectiveness of that. The effects on the standalone Ind AS financial statements for aforesaid material weakness of controls have not been determined.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion, the Company needs to strengthen its controls over Expected Credit Loss (ECL) modelling and also, except for the effects/possible effects of the material weaknesses on corporate loan book described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as of March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2021 standalone Ind AS financial statements of the Company, and the effects on the standalone Ind AS financial statements for aforesaid material weakness of controls have not been determined and the qualification has affected our opinion on the standalone Ind AS financial statements of the Company and we have issued a qualified opinion on the standalone Ind AS financial statements of the Company.

Notes to the Standalone Financial Statements for the year ended March 31, 2021

1 Corporate information

Reliance Commercial Finance Limited ("the Company") formerly known as Reliance Gilts Limited, was incorporated on August 17, 2000 with the Registrar of Companies (RoC), Maharashtra, Mumbai. Subsequently, as on May 21, 2009 the Company was registered as a Non-Banking Financial Company without accepting public deposits, as defined under Section 45-IA of the Reserve Bank of India Act, 1934. The Company is principally engaged in lending activities and provides loans to small and medium enterprises for working capital and growth, loans to commercial vehicles and two wheelers, loans against property, personal loans and financing of various micro enterprises.

The registered office of the Company is located at 7th Floor, B-Wing, Trade World, Kamala Mills Compound, S. B. Marg, Lower Parel, Mumbai 400 013. The Company is a public limited company and its debt securities are listed on the BSE Limited (BSE).

2 Significant accounting policies and critical accounting estimate and judgments

2.1 Basis of preparation, measurement and significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1.1 Basis of Preparation of Financial Statements

(i) Compliance with Ind AS

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under Section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by Reserve Bank of India (RBI). The financial statements have been prepared on a going concern basis. The Company uses accrual basis of accounting except in case of significant uncertainties. These financial statements are presented in Indian rupees rounded off to the nearest crore upto two decimal places except otherwise stated.

(ii) Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by

(i) certain financial assets and financial liabilities at fair value,

(ii) assets held for sale measured at fair value less cost to sell, and

(iii) defined benefit plans – plan assets that are measured at fair value.

(iii) Order of liquidity

The Company is covered in the definition of Non-Banking Financial Company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. Pursuant to Ind AS 1 - 'Presentation of Financial Statements' and amendment to Division III of Schedule III to the Companies Act, 2013 dated October 11, 2018, the Company presents its balance sheet in the order of liquidity. This is since the Company does not supply goods or services within a clearly identifiable operating cycle, therefore making such presentation more relevant. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note No. 48(i).

(iv) Compliance with RBI Master Direction

The Company complies in all material respects, with the prudential norms relating to income recognition, asset classification and provisioning for bad and doubtful debts and other matters, specified in the master directions issued by the Reserve Bank of India ('RBI') in terms of "Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016" ("RBI Master Direction') vide Reserve Bank of India (RBI) Notification No. RBI/DNBR/2016-17/45 Master Direction DNBR. PD. 008/03.10.119/2016-17 dated September 1, 2016 updated on timely basis (the "RBI Directions") as applicable to the Company. Indian Accounting Standards and Guidance Notes issued by the Institute of Chartered Accountants of India (referred to in these Directions as "ICAI") shall be followed insofar as they are not inconsistent with any of these Directions.

(v) Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialised.

2.1.2 Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the service rendered (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

1. Identification of contract(s) with customers;
2. Identification of the separate performance obligations in the contract;
3. Determination of transaction price;
4. Allocation of transaction price to the separate performance obligations; and
5. Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for:

a) Purchased or originated credit impaired (POCI) financial assets, for which the original credit-adjusted effective interest rate is applied to the amortised cost of the financial asset.

b) Financial assets that are not 'POCI' but have subsequently become credit-impaired (or 'stage 3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost (i.e. net of the expected credit loss provision).

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. The calculation does not consider expected credit losses and includes transaction costs, premiums or discounts and fees and points paid or received that are integral to the effective interest rate, such as origination fees. For POCI financial assets – assets that are credit-impaired (see definition on note xx) at initial recognition – the Company calculates the credit-adjusted effective interest rate, which is calculated based on the amortised cost of the financial asset instead of its gross carrying amount and incorporates the impact of expected credit losses in estimated future cash flows.

Interest income on fixed deposits is recognised as it accrues on a time proportion basis taking into account the amount outstanding.

(ii) Loan processing fees and other operating income

Fees and commission incomes and expenses that are integral to the effective interest rate on a financial asset or liability are included in the effective interest rate. Fees and commission that are not integral to the effective interest rate are recognised on accrual basis over the life of the loan.Other operating income i.e. Foreclosure & Bounce Charges, Loan Re-schedulement Charges are accounted on cash basis.

(iii) Income from direct assignment

In case of direct assignment of loans, the assets are derecognized when all the rights, title, future receivables and interest thereof along with all the risks and rewards of ownership are transferred to the purchasers of assigned loans. The profit if any, as reduced by the estimated provision for loss/expenses and incidental expenses related to the transaction, is recognised as gain or loss arising on assignment.

Servicing fees received is accounted for based on the underlying deal structure of the transaction as per the agreement and excess interest spread (EIS) on the deal is accounted for upfront as and when it becomes due.

(iv) Income from securitisation

In case of securitization of loans, (a) Securtisation transactions prior to March 31, 2017 the assets are derecognized when all the rights, title, future receivables and interest thereof along with all the risks and rewards of ownership are transferred to the purchasers of securtised loans. The profit if any, as reduced by the estimated provision for loss/ expenses and incidental expenses related to the transaction, is recognised as gain or loss arising on securitization on a monthly basis, (b) Securtisation transactions after March 31, 2017 the assets are not derocognised and continued in the books as loans. Servicing fees received is accounted for based on the underlying deal structure of the transaction as per the agreement.

(v) Income from investments

Profit / (Loss) earned from sale of investments is recognised on trade date basis net off expenses incurred on sale. The cost of investment is computed based on weighted average basis.

(vi) Dividend income

Dividend income is recognised in the statement of profit or loss on the date that the Company's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the shareholders approve the dividend.

(vii) Rental income

Lease income from operating leases where the Comapany is a lessor is recognised in income on a straightline basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(viii) Brokerage Income

Brokerage income is recognized when there is no significant uncertainty as to determination and realization and as per agreement.

(ix) Income from trading in derivatives

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into, and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the statement of profit and loss immediately.Brokerage and other payments made in connection with the acquisition of derivatives are added to the cost of acquisition. The amount shown under sale of currency derivatives is net of brokerage.

2.1.3 Foreign currency translation

(i) Functional and presentation currency

Items included in financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Reliance Commercial Finance Limited's functional and presentation currency.

(ii) Translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on nonmonetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

2.1.4 Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognised for financial assets measured at amortised cost and investments in debt instruments measured at FVOCI, which results in an accounting loss being recognised in profit or loss when an asset is newly originated.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognised as a gain or loss.

b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortised over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realised through settlement.

When the Company revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognised in profit or loss.

2.1.5 Financial assets

(i) Classification and subsequent measurement

The Company has applied Ind AS 109 and classifies its financial assets in the following measurement categories:

- Fair value through profit or loss (FVTPL);
- Fair value through other comprehensive income (FVOCI); or
- Amortised cost.

The classification requirements for debt and equity instruments are described below:

Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as loans, government and corporate bonds and trade receivables.

Classification and subsequent measurement of debt instruments depend on:

(i) the Company's business model for managing the asset; and

(ii) the cash flow characteristics of the asset.

Based on these factors, the Company classifies its debt instruments into one of the following three measurement categories:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest ('SPPI'), and that are not designated at FVPL, are measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in Note No. 50(a). Interest income from these financial assets is recognised using the effective interest rate method.

Fair value through other comprehensive income: Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent solely payments of principal and interest, and that are not designated at FVPL, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss. Interest income from these financial assets is included in 'Interest income' using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises, unless it arises from debt instruments that were designated at fair value or which are not held for trading. Interest income from these financial assets is included in 'Interest income' using the effective interest rate method.

Fair value option for financial assets: The Company may also irrevocably designate financial assets at fair value through profit or loss if doing so significantly reduces or eliminates an accounting mismatch created by assets and liabilities being measured on different bases.

Business model: The business model reflects how the Company manages the assets in order to generate cash flows. That is, whether the Company's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVPL. Factors considered by the Company in determining the business model for a Comapny of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated. Securities held for trading are held principally for the purpose of selling in the near term or are part of a portfolio of financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. These securities are classified in the 'other' business model and measured at FVPL.

SPPI: Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Company reclassifies debt investments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent and none occurred during the period.

Equity instruments:

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in net gain/loss on fair value changes in the statement of profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Gains and losses on equity investments at FVPL are included in the statement of profit or loss."

(ii) Impairment

ECL are recognised for financial assets held under amortised cost, debt instruments measured at FVOCI, and certain loan commitments

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1' and for which a 12 month ECL is recognised. Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is an objective evidence of impairment are considered to be in 'stage 3'. Lifetime ECL is recognised for stage 2 and stage 3 financial assets.

At initial recognition, allowance (or provision in the case of loan commitments) is required for ECL towards default events that are possible in the next 12 months, or less, where the remaining life is less than 12 months.

In the event of a significant increase in credit risk, allowance (or provision) is required for ECL towards all possible default events over the expected life of the financial instrument ('lifetime ECL').

Financial assets (and the related impairment loss allowances) are written off in full, when there is no realistic prospect of recovery.

Treatment of the different stages of financial assets and the methodology of determination of ECL

(a) Credit impaired (stage 3)

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether:

- Contractual payments of either principal or interest are past due for more than 90 days;
- The loan is otherwise considered to be in default.

Restructured loans, where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower, are classified as credit impaired. Such loans continue to be in stage 3 until they exhibit regular payment of renegotiated principal and interest over a minimum observation period, typically 12 months– post renegotiation, and there are no other indicators of impairment. Having satisfied the conditions of timely payment over the observation period these loans could be transferred to stage 1 or 2 and a fresh assessment of the risk of default be done for such loans.

Interest income is recognised by applying the EIR to the net amortised cost amount i.e. gross carrying amount less ECL allowance.

(b) Significant increase in credit risk (stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure. However, unless identified at an earlier stage, 30 days past due is considered as an indication of financial assets to have suffered a significant increase in credit risk. Based on other indications such as borrower's frequently delaying payments beyond due dates though not 30 days past due are included in stage 2 for mortgage loans.

The measurement of risk of defaults under stage 2 is computed on homogenous portfolios, generally by nature of loans, tenors, underlying collateral, geographies and borrower profiles. The default risk is assessed using PD (probability of default) derived from past behavioral trends of default across the identified homogenous portfolios. These past trends factor in the past customer behavioral trends, credit transition probabilities and macroeconomic conditions. The assessed PDs are then aligned considering future economic conditions that are determined to have a bearing on ECL.

(c) Without significant increase in credit risk since initial recognition (stage 1)

ECL resulting from default events that are possible in the next 12 months are recognised for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioral trends witnessed for each homogenous portfolio using application/behavioral score cards and other performance indicators, determined statistically.

(d) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR.

- Determination of PD is covered above for each stages of ECL.
- EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date to the date of default together with any expected drawdowns of committed facilities.
- LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

(iii) Modification of loans

The Company sometimes renegotiates or otherwise modifies the contractual cash flows of loans to customers. When this happens, the Company assesses whether or not the new terms are substantially different to the original terms. The Company does this by considering, among others, the following factors:

- If the borrower is in financial difficulty, whether the modification merely reduces the contractual cash flows to amounts the borrower is expected to be able to pay.
- Whether any substantial new terms are introduced, such as a profit share/equity-based return that substantially affects the risk profile of the loan.
- Significant extension of the loan term when the borrower is not in financial difficulty.
- Significant change in the interest rate.
- Change in the currency the loan is denominated in.
- Insertion of collateral, other security or credit enhancements that significantly affect the credit risk associated with the loan.

If the terms are substantially different, the Company de-recognizes the original financial asset and recognizes a 'new' asset at fair value and recalculates a new effective interest rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation purposes, including for the purpose of determining whether a significant increase in credit risk has occurred. However, the Company also assesses whether the new financial asset recognised is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are also recognised in profit or loss as a gain or loss on derecognition.

If the terms are not substantially different, the renegotiation or modification does not result in derecognition, and the Company recalculates the gross carrying amount based on the revised cash flows of the financial asset and recognizes a modification gain or loss in the statement of profit or loss. The new gross carrying amount is recalculated by discounting the modified cash flows at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

(iv) Derecognition other than on a modification

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either (i) the Company transfers substantially all the risks and rewards of ownership, or (ii) the Company neither transfers nor retains substantially all the risks and rewards of ownership and the Company has not retained control. The Company directly reduces the gross carrying amount of a financial asset when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company enters into transactions where it retains the contractual rights to receive cash flows from assets but assumes a contractual obligation to pay those cash flows to other entities and transfers substantially all of the risks and rewards. These transactions are accounted for as 'pass through' transfers that result in derecognition if the Company:

(i) Has no obligation to make payments unless it collects equivalent amounts from the assets;

(ii) Is prohibited from selling or pledging the assets; and

(iii) Has an obligation to remit any cash it collects from the assets without material delay.

Collateral (shares and bonds) furnished by the Company under standard repurchase agreements and securities lending and borrowing transactions are not de-recognised because the Company retains substantially all the risks and rewards on the basis of the predetermined repurchase price, and the criteria for derecognition are therefore not met. This also applies to certain securitisation transactions in which the Company retains a subordinated residual interest.

2.1.6 Financial Liabilities

(i) Classification and subsequent measurement

In both the current and prior period, financial liabilities are classified as subsequently measured at amortised cost, except for:

(a) Financial liabilities at fair value through profit or loss: this classification is applied to derivatives, financial liabilities held for trading and other financial liabilities designated as such at initial recognition. Gains or losses on financial liabilities designated at fair value through profit or loss are presented partially in other comprehensive income (the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability, which is determined as the amount that is not attributable to changes in market conditions that give rise to market risk) and partially profit or loss (the remaining amount of change in the fair value of the liability). This is unless such a presentation would create, or enlarge, an accounting mismatch, in which case the gains and losses attributable to changes in the credit risk of the liability are also presented in profit or loss;

(b) Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition, whereby a financial liability is recognised for the consideration received for the transfer. In subsequent periods, the Company recognizes any expense incurred on the financial liability; and

(c) Financial guarantee contracts and loan commitments.

Market linked debentures (MLDs):

The Company has issued certain non-convertible debentures, the rate of interest on which is linked to performance of specified indices over the period of the debentures. The Company has opted to designate the entire hybrid contract at FVTPL as the embedded derivative significantly modifies the cash flows that otherwise would be required by the contract. Further, the embedded derivative is not closely related to the financial liability host contract. The Company hedges its interest rate risk on MLD by taking positions in future & options based on specified indices. Any gain / loss on these hedge positions is recognised in Statement of Profit and Loss

(ii) Derecognition

Financial liabilities are derecognised when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expires).

The exchange between the Company and its original lenders of debt instruments with substantially different terms, as well as substantial modifications of the terms of existing financial liabilities, are accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The terms are substantially different if the discounted present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective interest rate, is at least 10% different from the discounted present value of the remaining cash flows of the original financial liability. In addition, other qualitative factors, such as the currency that the instrument is denominated in, changes in the type of interest rate, new conversion features attached to the instrument and change in covenants are also taken into consideration. If an exchange of debt instruments or modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognised as part of the gain or loss on the extinguishment. If the exchange or modification is not accounted for as an extinguishment, any costs or fees incurred adjust the carrying amount of the liability and are amortised over the remaining term of the modified liability.

2.1.7 Financial guarantee contracts and loan commitments

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to banks, financial institutions and others on behalf of customers to secure loans, overdrafts and other banking facilities.

Financial guarantee contracts are initially measured at fair value and subsequently measured at the higher of:

(a) The amount of the loss allowance ; and

(b) The premium received on initial recognition less income recognised in accordance with the principles of Ind AS 115.

Loan commitments provided by the Company are measured as the amount of the loss allowance.

For loan commitments and financial guarantee contracts, the loss allowance is recognised as a provision. However, for contracts that include both a loan and an undrawn commitment and the Company cannot separately identify the expected credit losses on the undrawn commitment component from those on the loan component, the expected credit losses on the undrawn commitment are recognised together with the loss allowance for the loan. To the extent that the combined expected credit losses exceed the gross carrying amount of the loan, the expected credit losses are recognised as a provision."

2.1.8 Repossessed collateral

Repossessed collateral represents financial and non-financial assets acquired by the Company in settlement of overdue loans. The assets are initially recognised at fair value when acquired and included in premises and equipment, other financial assets, investment properties or inventories within other assets depending on their nature and the Company's intention in respect of recovery of these assets, and are subsequently remeasured and accounted for in accordance with the accounting policies for these categories of assets.

2.1.9 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The power to assess the financial performance and position of the Company and make strategic decisions is vested in the executive director who has been identified as the chief operating decisions maker.

The Company is mainly engaged in the commercial finance business and all other activities revolve around the main business of the Company. Further, all activities are conducted within India and as such there is no separate reportable segment as specified in Ind AS 108 on 'Operating Segment'.

2.1.10 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current Taxes

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred Taxes

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future. "

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts. Where the temporary differences are related to losses, relevant tax law is considered to determine the availability of the losses to offset against the future taxable profits.

Recognition therefore involves judgement regarding the future financial performance of the particular legal entity or tax group in which the deferred tax asset has been recognised."

2.1.11 Impairment of Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.1.12 Off-setting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.1.13 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in liabilities in the balance sheet.

2.1.14 Assets (or disposal groups) held for sale

Assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the asset (or disposal group) is recognised at the date of derecognition.

Assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised. Assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

2.1.15 Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 01, 2017 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives & residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term as follows:

The estimated useful lives for the different types of assets are:

Asset	Useful Life (Years)
Furniture and fixtures	10 years
Office equipment	5 years
Computers	3 years
Vehicles	8 years
Buildings	60 years
Plant & machinery	8 years

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term.

The useful lives have been determined based on technical evaluation done by the management's expert which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognised in the statement of profit or loss.

2.1.16 Intangible assets

(i) Goodwill

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or Groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or Groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments."

(ii) Other intangibles

Intangible assets are recognised where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development. The Company amortises intangible assets on a straight-line basis over the useful lives of the assets commencing from the month in which the asset is first put to use. The Company provides pro-rata depreciation from the day the asset is put to use.

The estimated useful lives for the different types of assets are:

Asset Useful Life	(Years)
Computer software	5 years

On transition to Ind AS, the Compnay has elected to continue with the carrying value of all of intangible assets recognised as at April 01, 2017 measured as per the previous GAAP and use that carrying valueas the deemed cost of intangible assets.

2.1.17 Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

2.1.18 Provisions

Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the company."

2.1.19 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment obligations

The Company operates the following post-employment schemes:

(a) Gratuity;

(b) Superannuation fund; and

(c) Provident fund

Defined benefit plans

Gratuity obligations: The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The estimated future payments which are denominated in a currency other than INR, are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit or loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

Superannuation fund: Contribution to Superannuation Fund, a defined contribution scheme, is made at pre-determined rates to the Superannuation Fund, Life Insurance Corporation and is charged to the Statement of Profit or loss. There are no other obligations other than the contribution payable to the Superannuation Fund.

Provident fund: The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to theextent that a cash refund or a reduction in the future payments is available.

(iii) Other long-term employee benefit obligations

Leave encashment: The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in the statement of profit or loss.

Phantom Shares: As a long-term incentive plan to employees, the Company has initiated Phantom Stock Option Plan which are cash settlement rights where the employees are entitled to get cash compensation based on agreed formulae. The employees are entitled to receive cash payment equivalent to appreciation in the value over the defined base price of the shares. The present value of the obligation under such plan is determined based on actuarial valuation.

2.1.20 Earning Per Shares

a) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year and excluding treasury shares (Refer Note No. 42).

b) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares"

2.1.21 Investment in subsidiaries

Investment in subsidiaries is recognised at cost and are not adjusted to fair value at the end of each reporting period. Cost of investment represents amount paid for acquisition of the said investment. The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

2.1.22 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. Company acting as a lessee A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are classified as operating leases. Basis the above principle, all leases entered into by the Company as a lessee have been classified as operating leases. Lease payments under an operating lease is recognised on an accrual basis in the Statement of Profit and Loss."

2.1.23 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirements of Schedule III, unless otherwise stated.

2.2 Critical accounting estimates and judgements:

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements. The areas involving critical estimates or judgements are:

2.2.1 Estimation of fair value of unlisted securities

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions, Refer Note No. 50

2.2.2 Effective interest rate method

The Company recognises interest income/expense using the effective interest rate, i.e., a rate that represents the best estimate of a constant rate of return over the expected life of the loans. The effective interest method also accounts for the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/ expense that are integral parts of the instrument.

2.2.3 Impairment of financial assets using the expected credit loss method

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulae and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL model
- It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary.

2.2.4 Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI test and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement considered by the Company in determining the business model including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held.

2.2.5 Provisions and contingent liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

b) Terms/rights/restrictions attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. However, no such preferential amounts exists currently. The distribution will be in proportion to the number of equity shares held by the shareholders.

The dividend proposed by the Board of Directors is subject to the approval of shareholders at the ensuing Annual General Meeting, except in case of interim dividend.

c) Terms/rights/restrictions attached to preference shares

In case of 0% Non-Convertible Redeemable Preference Shares of ₹ 10 each :

40,00,00,000, 0%Non-Cumulative Non-Participative and Non convertible Redeemable Preference Shares of ₹ 10/- each (NPNCRPS) shall be redeemed at any time on or before 5 years from the date of allotment i.e. March 29, 2017. These NPNCRPS shall be redeemed at a premium to an amount calculated to yield a return of 12% per annum with effect from date of allotment up to the date of redemption.

With effect from April 1, 2018 the Company has changed the terms of its NPNCRPS. Pursuant to revised terms :

i) 0% NPNCRPS of ₹ 10 each has been changed to 12% Non Cumulative Compulsorily Convertible Redeemable Preference (NCCCRPS) of ₹ 10 each with an option to the Company and the holder thereof to convert the NCCCRPS into fully paid equity shares of the Company.

ii) The Call Option can be exercised at any time on or before 15 years from the date of allotment i.e. March 29, 2017, by giving 30 days prior written notice.

iii) These NCCCRPS shall be converted into fully paid equity shares of the Company at the end of its tenure, in the conversion ratio of 50 NCCCRPS of face value of ₹ 10 each will be converted into 1 Equity Share of face value of ₹ 10 each at a premium of ₹ 490/- per share. Equity shares arising out of conversion of NCCCRPS shall rank pari passu with the then existing equity shares of the Company.

(ii) Claims against the Company not acknowledges as debt	**3.65**	3.27
(iii) Demand raised by GST Authorities	**0.32**	-
(b) Capital commitments		
i) Estimated amount of contracts remaining to be executed on capital account (net of advances)	**-**	1.68

44 Events occurring after the reporting period

In the ordinary course of business, the Company makes loans to borrowers and also recovers outstanding loans of diverse amounts from them as routine commercial transactions. Some of these involving similar amounts of loans made and amounts recovered were independent transactions in accordance with business requirements and the liquidity position. Applicable impairment and provisioning tests have been made and recorded appropriately in the financial statements, ensuring that there is no impact on revenue recognition during the year.

45. Capital Risk Management

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

(i) Capital management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the board.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the board.

(ii) Regulatory Capital

The following additional information is disclosed in terms of the RBI circular (Ref No. DNBR .PD. 008 / 03.10.119 / 2016-17 dated September 01, 2016) and RBI circular DNBR(PD) CC No. 053 / 03.10.119 / 2015-16 :

(₹ in crore)

Certain adjustments are made to Ind AS based results and reserves, as prescribed by the Reserve Bank of India.

Few of the Company's borrowers have undertaken onward lending transactions to companies which are identified as Group Companies by Reliance Capital Limited (holding company) in terms of the Core Investment Companies (Reserve Bank) Directions, 2016. Considering the end use of loans given, the Company has considered these loans as 'Exposure to group companies' and accordingly reduced from owned fund as part of the CRAR calculation. (Refer Note No. 64).

46. Employee benefit plans

a) Defined contribution plans

The Company has recognised the following amounts in the statement of profit and loss towards contribution to defined contribution plans which are included under contribution to provident and other funds:

(₹ in crore)

Particulars	2020-21	2019-20
Employer's contribution to provident fund	**1.06**	2.15
Employer's contribution to superannuation fund	**-**	0.02
Employer's contribution to Gratuity Fund	**1.10**	1.11
Total	**2.16**	3.28

b) Defined benefit plans

The company has a defined benefit gratuity plan in India (funded). The company's defined benefit gratuity plan is a final salary plan for India employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

i) Balance Sheet

(₹ in crore)

	Present value of obligation	Fair value of plan assets	Net amount
As at April 1, 2019			
Present Value of Benefit Obligation at the beginning of the period	4.49	2.05	2.44
Current service cost	0.93	-	0.93
Interest expense/(income)	0.35	0.16	0.19
Liability Transferred In/Acquistions	-	-	-
Assets Transferred In/Acquistions	-	-	-
Return on plan assets	-	(0.10)	0.10
Acturial loss / (gain) arising from change in financial assumptions	0.17	-	0.17
Acturial loss / (gain) arising from change in demographic assumptions	0.01	-	0.01
Acturial loss / (gain) arising on account of experience changes	0.01	-	0.01
Employer contributions	-	2.74	(2.74)
Benefit payments	(4.16)	(4.16)	-
As at March 31, 2020	**1.80**	**0.69**	**1.11**
Current service cost	0.23	-	0.23
Interest expense/(income)	0.12	0.05	0.07
Liability Transferred In/Acquistions	-	-	-
Assets Transferred In/Acquistions	-	-	-
Return on plan assets	-	0.07	(0.07)
Acturial loss / (gain) arising from change in financial assumptions (* Gain of ₹ 17,249)	*	-	*
Acturial loss / (gain) arising from change in demographic assumptions	-	-	-
Acturial loss / (gain) arising on account of experience changes	0.30	-	0.30
Employer contributions	-	1.48	(1.48)
Benefit payments	(0.35)	(0.35)	-
As at March 31, 2021	**2.10**	**1.94**	**0.16**

(₹ in crore)

Particulars	As at March 31, 2021	As at March 31, 2020
Present value of plan liabilities	2.10	1.80
Fair value of plan assets	(1.94)	(0.69)
Plan liability net of plan assets	**0.16**	1.12

ii) **Statement of Profit and Loss** (₹ in crore)

Particulars	**2020-21**	2019-20
Employee Benefit Expenses:		
Net Interest cost	0.07	0.19
Current service cost	0.23	0.93
Total	0.31	1.12
Finance cost	-	-
Remeasurement of the net defined benefit liability:	**0.31**	1.12
(i) Return on plan assets excluding amounts included in interest expense/ income	**(0.07)**	0.10
(ii) Actuarial gains/(losses) arising from changes in demographic assumptions	-	-
(iii) Actuarial gains/(losses) arising from changes in financial assumptions	0.29	0.19
(iv) Actuarial gains/(losses) arising from changes in experience	-	-
(v) Actuarial gains/(losses) arising from changes in experience	-	-
Net impact on the other comprehensive income before tax	**0.23**	0.29

iii) **Defined benefit plans assets**

Category of assets (% allocation)	**As at March 31, 2021**	As at March 31, 2020
Insurer managed funds		
- Government securities	**-**	-
- Deposit and money market securities	**100.00**	100.00
- Debentures / bonds	**-**	-
- Equity shares	**-**	-
Total	**100.00**	100.00

iv) **Actuarial assumptions**

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

Particulars	**As at March 31, 2021**	**As at March 31, 2020**
Discount rate	**6.57%**	**6.56%**
Salary escalation rate*	**6.00%**	**6.00%**

* takes into account the inflation, seniority, promotions and other relevant factors

v) **Demographic assumptions**

Particulars	**As at March 31, 2021**	**As at March 31, 2020**
Mortality Rate	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate
Attrition Rate	For Service 4 years and below 20.00% p.a. and For Service 5 years and above 5.00% p.a.	For Service 4 years and below 5.00% p.a. and For Service 5 years and above 1.00% p.a.
Retirement Age	58 Years	58 Years
Vesting Period	5 Years	5 Years

vi) **Sensitivity**

As at March 31, 2021	**Change in assumption**	**Impact on defined benefit obligation**	
		Increase	**Decrease**
Discount rate	**1.00%**	**0.16**	**0.18**
Salary escalation rate	**1.00%**	**0.18**	**0.16**
Employee Turnover rate	**1.00%**	**0.00**	**0.00**

As at March 31, 2020	Change in assumption	Impact on defined benefit obligation	
		Increase	Decrease
Discount rate	1.00%	0.14	0.16
Salary escalation rate	1.00%	0.16	0.15
Employee Turnover rate	1.00%	0.00	0.00

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

vii) **Maturity**

The defined benefit obligations shall mature after year end as follows: (₹ in crore)

Particulars	**As at March 31, 2021**	As at March 31, 2020
1st Following Year	**0.10**	0.09
2nd Following Year	**0.11**	0.09
3rd Following Year	**0.12**	0.10
4th Following Year	**0.20**	0.10
5th Following Year	**0.13**	0.18
Sum of 6 to 10	**0.97**	0.72
Sum of Year 11 and above	**2.27**	2.13

c) **Phantom Stock Option Scheme:**

As a long term incentive plan to employees, the Company has initiated Phantom Stock Option Plan on October 15, 2015 which are cash settlement rights where the employees are entitled to get cash compensation based on a agreed formulae linked to market value of subsidiary company shares upon exercise of phantom stock options over notional or hypothetical shares.

Liability towards the scheme is accounted for on the basis of management estimation done at the year end. The valuation of the shares is done considering the Projected Unit Credit Method and the progression of share price up to the exercise of the option. Fair Value of Phantom Stock Options was estimated on the date of grant on the assumptions.

Vested Phantom Options can be exercised on continuation of employment any time upto 3 years from the date of last vesting and upon cessation of employment as per the terms of the Scheme. Settlement of Phantom Option is done in cash within 90 days from the date of exercise. For the current year the Company has created provision of ₹ Nil (Previous year ₹ Nil).

Notes :

1 Transaction values are including taxes and duties (after netting off input credit), if any.

2 Amounts in bracket : (-) denote previous years figures i.e. financial year 2019-20.

3 Name of the related parties and nature of their relationships where control exists have been disclosed irrespective of whether or not there have been transactions with the Company. In other cases, disclosures have been made only when there have been transactions with those parties.

4 Related parties as defined under clause 9 of the Ind AS 24 'Related party disclosures' have been identified based on representations made by key managerial personnel and information available with the Company. All above transactions are in the ordinary course of business and on an arms' length basis. All outstanding balances are to be settled in cash and are unsecured.

5 Provisions for gratuity, compensated absences and other long term service benefits are made for the Company as a whole and the amounts pertaining to the key managerial personnel are not specifically identified and hence are not included above.

6 There is no transaction with the associate company during the year.

48. Risk management objectives and policies

(i) Risk Management Framework

A summary of the major risks faced by the Company, its measurement monitoring and management are described as under:

Nature of Risk	Arising from	Executive governance structure	Measurement, monitoring and management of risk
Liquidity and funding risk	Liquidity risk arises from mismatches in the timing of cash flows. Funding risk arises: (i) when long term assets cannot be funded at the expected term resulting in cashflow mismatches; (ii) amidst volatile market conditions impacting sourcing of funds from banks and money markets	Board appointed Asset Liability Committee (ALCO)	Liquidity and funding risk is: (i) measured by identifying gaps in the structural and dynamic liquidity statements. (ii) monitored by – assessment of the gap between visibility of funds and the near term liabilities given current liquidity conditions and evolving regulatory directions for NBFCs. – a constant calibration of sources of funds in line with emerging market conditions in banking and money markets. – periodic reviews by ALCO relating to the liquidity position and stress tests assuming varied 'what if' scenarios and comparing probable gaps with the liquidity buffers maintained by the Company. (iii) managed by the Company's treasury team under the guidance of ALCO.
Interest rate risk	Interest rate risk stems from movements in market factors, such as interest rates, credit spreads which impacts investments, income and the value of portfolios.	Board appointed Asset Liability Committee (ALCO)	Interest rate risk is: (i) monitored by assessment of probable impacts of interest rate sensitivities under simulated stress test scenarios given range of probable interest rate movements on both fixed and floating assets and liabilities. (ii) managed by the Company's treasury team under the guidance of ALCO.
Credit risk	Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company	Board appointed Risk Management Committee	Credit risk is: (i) measured as the amount at risk due to repayment default of a customer or counterparty to the Company. Various matrics such as EMI default rate, overdue position, collection efficiency, customers non performing loans etc. are used as leading indicators to assess credit risk. (ii) monitored by Risk Management Committee using level of credit exposures, portfolio monitoring, geographic, customer and portfolio concentration risks. (iii) managed by a robust control framework by the risk department which continuously align credit policies and reviews of portfolios and delinquencies by senior and middle Management team comprising of risk, analytics, collection and fraud containment along with business. The same is periodically reviewed by the Board appointed Risk Management Committee

(a) Liquidity and funding risk

The Company's ALCO monitors asset liability mismatches to ensure that there are no imbalances or excessive concentrations on either side of the Balance Sheet.

The Company continuously monitors liquidity in the market; and as a part of its ALCO strategy.

The table below shows an analysis of assets and liabilities (maturity analysis) according to when they are to be recovered or settled.

(b) Market risk

Market risk is the risk that the fair value of future cash flow of financial instruments will fluctuate due to changes in the market variables such as interest rates, foreign exchange rates and equity prices. The Company do not have any exposure to foreign exchange rate and equity price risk.

(c) Credit risk

Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company. It has a diversified lending model and focuses on six broad categories viz: (i) consumer/retail lending, (ii) SME lending, (iii) infra lending, (iv) micro financing, and (vi) other commercial lending. The Company assesses the credit quality of all financial instruments that are subject to credit risk. The company has manged the credit risk by diversifying into retail segment in recent years. In SME lending also, focus has been on the products with lower ticket size.

Classification of financial assets under various stages

The Company classifies its financial assets in three stages having the following characteristics:

- Stage 1: unimpaired and without significant increase in credit risk since initial recognition on which a 12 months allowance for ECL is recognised;
- Stage 2: a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised;
- Stage 3: objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which a lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk when they are 30 days past due (DPD) and are accordingly transferred from stage 1 to stage 2. For stage 1 an ECL allowance is calculated based on a 12 months Point in Time (PIT) probability weighted probability of default (PD). For stage 2 and 3 assets a life time ECL is calculated based on a lifetime PD.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD).

(ii) Collateral Valuation

The nature of products across these broad categories are either unsecured or secured by collateral. Although collateral is an important risk mitigant of credit risk, the Company's practice is to lend on the basis of assessment of the customer's ability to repay rather than placing primary reliance on collateral. Based on the nature of product and the Company's assessment of the customer's credit risk, a loan may be offered with suitable collateral. Depending on its form, collateral can have a significant financial effect in mitigating the Company's credit risk.

(iii) Analysis of Concentration Risk

The Company has started new products like two wheelers and other retail products to manage the concentration risk. The company also has portfolio across geographies to manage the geographical risk.

A The table below summarises the approach adopted by the Company for various components of ECL viz. PD, EAD and LGD across product lines using emperical data where relevant:

Lending verticals	Nature of businesses	PD			EAD	LGD
		Stage 1	Stage 2	Stage 3		
Consumer/retail lending	Products being offered are two wheelers, Used Cars and Unsecured loans under this category	The actual behaviour of the portfolio, taking the average of the last 5 years of the products having the similar characteristics	The actual behaviour is simulated for the balance tenor of the each individual loan	100%	For Stage 3, Exposure at default and for the Stages 1 & 2 it's the principal outstanding and Interest Overdue as on the reporting date. Cash Collateral, if any, is deducted from the exposure in both the scenarios.	Past trends of recoveries for each set of portfolios are discounted at a reasonable approximation of the original effective rates of interest. The recoveries considered are also within the reasonable time frame.
SME lending	A wide range of products like Equipment funding, SME Loans against property for meeting the working capital or the capital requirement of SMEs					
Infra lending	Under this category fund the projets under the renewable space. Facilities are extended till the principle banker does the final funding to the IPPs or EPC companies					
Micro financing	Term loans to the NBFC-MFIs, Sec 8 companies etc for onward lending and also direct lending through partners					
Other commercial lending	Comercial Vehicles, Construction Equipments, LAP, CF etc, these products are the ones which have been dicontinued					

B The table below summarises the gross carrying values and the associated allowances for expected credit loss (ECL) stage wise for loan portfolio:

(i) Secured lending

(₹ in crore)

Transfers to Stage 3	**0.20**	**0.89**	**(1.09)**	**-**	(314.95)	(494.09)	809.05	-
Closing balance	**9.88**	**20.40**	**2,897.26**	**2,927.54**	250.33	51.51	965.68	1,267.52

The decrease in the ECL balance is due to few loan balances written off in the current year.

E During the year the company has made provision on loans and advances in accordance with Expected Credit Loss model as adopted in the previous years.

49. Fair values

a) Financial instruments – fair value and risk management

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

Valuation methodologies adopted

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under:

(i) Fair values of investments held for trading under FVTPL have been determined under level 1 using quoted market prices of the underlying instruments;

(ii) Fair values of strategic investments in equity instruments designated under FVOCI have been measured under level 3 at fair value based on a discounted cash flow model.

(iii) Fair values of other investments under FVOCI have been determined under level 1 using quoted market prices of the underlying instruments;

(iv) Fair value of loans held under a business model that is achieved by both collecting contractual cash flows and partially selling the loans through partial assignment to willing buyers and which contain contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest are measured at FVOCI. The fair value of these loans have been determined under level 3.

The Company has determined that the carrying values of cash and cash equivalents, bank balances, trade receivables, short term loans, floating rate loans, investments in equity instruments designated at FVOCI, trade payables, short term debts, borrowings, bank overdrafts and other current liabilities are a reasonable approximation of their fair value and hence their carrying value are deemed to be fair value.

b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:

(a) recognised and measured at fair value and

(b) measured at amortised cost and for which fair values are disclosed in the financial statements

The Company determines fair values of its financial instruments according to the following hierarchy:

Level 1: valuation based on quoted market price: financial instruments with quoted prices for identical instruments in active markets that the Company can access at the measurement date.

Level 2: valuation based on using observable inputs: financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.

Level 3: valuation technique with significant unobservable inputs: – financial instruments valued using valuation techniques where one or more significant inputs are unobservable. Equity investments designated under FVOCI has been valued using discounted cash flow method.

Disclosures of Assets and liabilities measured at fair value - recurring fair value measurements as at March 31, 2021

As at March 31, 2021 (₹ in crore)

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- Listed equity investments (other than subsidiaries and associates - Quoted bid price on stock exchange
- Mutual fund - net asset value of the scheme
- Debentures or bonds - based on market yield for instruments with similar risk / maturity, etc.
- Private equity investment fund - price to book value method and
- Other financial instruments – discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, a contingent consideration receivable and certain derivative contracts, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, Trade receivables, cash and cash equivalents, bank deposits and trade payables. Such amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

The fair values for loans were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of debt securities, borrowing other than debt securities, subordinate liability are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

50. Financial instruments – fair value and risk management

a) Financial instruments by category

The following table shows the carrying amounts of financial assets and financial liabilities (₹ in crore)

Particulars	As at March 31, 2021			As at March 31, 2020		
	FVPL	**FVOCI**	**Amortised cost**	FVPL	FVOCI	Amortised cost
Financial assets

		Exposure	Limit	Excess	Exposure	Limit	Excess
(i)	Refer Note 2 below	-	-	-	-	-	-

Note :

1. As on March 24, 2017, the Commercial Finance division of Reliance Capital Limited ('RCL') were demerged from RCL and merged with the Company. Hence all the sanctions and disbursements, before March 24, 2017 were benchmarked with the net worth of Reliance Capital Limited. Subsequently, sanction and disbursement made during the financial year 2017-18 and 2018-19 were made within the limit of the single borrower & group borrower of the Company.
2. The Company's networth has been eroded due to substantial losses incurred, resultants at the year end, exposures of the Company are exceeding its Single Borrower limit and Group Borrower limit prescribed in RBI Prudential Norms, while all these loans were sanctioned in compliance with the Prudential Norms of RBI in the earlier years. The Company is in the process of regularise the same and brought within the exposure limit. During the year the company has not sanctioned/ disbursed any loans to its borrowers. Hence, the disclosure is reported as Nil.

Notes:

(a) All unquoted equity shares have been included in 'Over 5 years'. The maturity pattern has been prepared in line with various regulations issued by RBI from time to time, best practices and based upon best estimate of the management with regard to the timing of various cashflows.

(b) The classification of Assets and Liabilities into current and non-current is carried out based on their residual maturity profile as per requirement of Schedule III to the Companies Act, 2013. The above maturity pattern of assets and liabilities has been prepared by the Company after taking into consideration guidelines for assets-liabilities management (ALM) system in non-banking financial companies issued by RBI, best practices and best estimate of the ALM with regard to the timing of various cash flows, which has been relied upon by the auditors.

(c) All overdue borrowings have been included in '1 Day to 7 Days" bucket.

(d) Amounts in Bracket (-) denotes previous years figures i.e. financial year 2019-20

56 (i) The COVID -19 pandemic has effect across the world, including India. During the year ended March 31, 2021, the pandemic and consequent lockdown imposed by the Central & State Governments considerably impacted the Company's business operations. The pandemic has also resulted in a significantly constrain on recovery of overdues from customers.

The extent to which the COVID -19 pandemic will continue to impact the Company's results will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID -19 pandemic and any action to contain its spread or mitigate its impact.

The Company's Expected Credit Loss (ECL) provisions as on March 31, 2021 against the potential impact of COVID -19 based on the information available at this point in time. The ECL provisions held by the Company are in excess of the prescribed norms by RBI.

(ii) In accordance with the Reserve Bank of India guidelines relating to 'COVID-19 Regulatory Package' dated March 27, 2020, April 17, 2020 and May 23, 2020 ('RBI Guidelines'), the Company had offered moratorium to its customers between March 1, 2020 and August 31, 2020. For all such accounts where the moratorium is granted, the assets classification shall remain stand still during the moratorium period (i.e. the number of days past due shall excludes the moratorium period for the purposes of assets classification under the Income Recognition, Assets Classification and Provisioning norms).

Notes to the Standalone Financial Statements for the year ended March 31, 2021

The quantitative disclosure as required by RBI Circular dated April 17, 2020 for the half year ended March 31, 2021 are given below :

(₹ in crore)

Particulars	Amount
Amtount in SMA/Overdue categories as of February 29, 2020	6,586.30
Respective amounts in SMA/overdue categories, where the moratorium/deferment was extended, in terms of paragraph 2 and 3 of the Circular; as of February 29, 2020	695.51
Respective amount where asset classification benefits is extended	Nil**
Provisions made during the period in terms of paragraph 5 of the Circular #	-
Provisions adjusted against slippages in terms of paragraph 6 of the Circular	-
Residual provisions as on March 31, 2021 in terms of paragraph 6 of the Circular	Nil**

Notes :

The Company has made adequate provision for impairment loss allowance (as per ECL model) for the year ended March 31, 2021

* Outstanding as on 31 March 2021 and 31 March 2020 respectively on account of all cases in SMA/ overdue categories where moratorium benefit was extended by the Company up to 31 August 2020

** There are NIL accounts where asset classification benefit is extended till 31 March 2021. Post the moratorium period, the movement of aging has been at actuals.

58 Hon'ble Supreme Court, in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr) vide an interim order dated September 3, 2020 (interim order), has directed that accounts which were not declared NPA till August 31, 2020 shall not be declared as NPA till further orders. Basis the said interim order, the Company has not classified any account as NPA, as per RBI norms, after August 31, 2020 which was not NPA as of August 31, 2020. Further, in light of the interim order, even accounts that would have otherwise been classified as NPA post August 31, 2020 have not been and will not be, classified as NPA till such time the Hon'ble Supreme Court rules finally on the matter. The interim order granted to not declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matters. In accordance with the instructions in paragraph 5 of the RBI circular dated April 7, 2021 issued in this connection, the Company has continued with the asset classification of borrower accounts as per the extant RBI instructions / IRAC norms. In accordance with the instructions in the aforesaid circular dated April 7, 2021, the Company shall refund / adjust 'interest on interest' to all borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. Pursuant to these instructions, the Company is in the process of suitably implementing the guidelines as prescribed by RBI.

59 Going Concern

During the year, the Company has incurred losses amounting to ₹ 2,665.27 crore (Previous year ₹ 1,440.80 crore) and it has accumulated losses of ₹ 6,012.48 crore as on March 31, 2021 (Previous year ₹ 3,347.21 crore). Pursuant to Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 vide RBI circular dated June 7, 2019, the Company has entered into a Inter-Creditor Agreement (ICA) on July 6, 2019 for the resolution of its debt. The timeline of 180 days given in the Circular was expired on January 3, 2020. In the Lender's meeting, all lenders had agreed to further extend the ICA period till June 30, 2021. The Company is confident of implementing its Resolution Plan within the said extended period. In view of the steps taken by the Company as mentioned above, the accounts of the Company have been prepared on "Going Concern" basis.

60 Inter Creditor Agreement (ICA)

Lenders of Reliance Commercial Finance Limited ("Company" or "RCFL") have entered into an Inter-Creditor Agreement ("ICA") dated 6 July 2019 under the framework of the circular issued by the Reserve Bank of India on "Prudential Framework for Resolution of Stressed Assets" dated June 7, 2019 ("June 7 Circular"). In the Lender's meeting, all lenders had agreed to further extend the ICA period till June 30, 2021, considering the present situation in the country due to the ongoing Covid-19 pandemic, to enable the Company to come up with a viable resolution plan for the interest of all its creditors. All the current operations of RCFL, including the cashflows, are being directed, reviewed and managed under the supervision of the RCFL Lenders and RCFL Lenders are jointly deciding over the operational and strategic aspects of RCFL. RCFL has been directed by the lenders led by Bank of Baroda not to service debt obligation considering the cash position of the company. In view of the same, delay in making payment to lenders /bond holders shall continue until the arrival on resolution plan. Also, in view of ICA process, the Company has not recognized any penal interest and additional Interest on account of default and downgrade of the credit rating. which results in unreconciled balance as per books of the Company and lenders/banks as at March 31, 2021.

61 The Company was informed by its previous auditors that a report under Section 143(12) of the Companies Act, 2013 in Form ADT-4 has been filed with the Ministry of Corporate Affairs (MCA) in June 2019. The Company has examined the matter and has concluded that the issues raised by the previous auditors, do not merit reporting under the said Section. The Company also appointed legal experts, who independently carried out an in-depth examination of the matter and the issues raised by the previous auditor. The legal experts have concluded and confirmed that there was no matter attracting Section 143(12) of the Companies Act, 2013. This matter is still pending with the MCA. It is noticed that the end use of the above-mentioned borrowings from the Company are repayment of borrowings or repayment of financial obligations by the Company's borrowers.

62 The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / Indian Accounting Standards there are no foreseeable losses on such long term contracts (including derivative contracts) has been made in the books of account.

63 Segment Reporting

The Company is mainly engaged in the commercial finance business and all other activities revolve around the main business of the Company. Further, all activities are conducted within India and as such there is no separate reportable segment as specified in Ind AS 108 - "Operating Segments", in terms of Companies (Indian Accounting Standards) Rules, 2015.

64 The Company had given General Purpose Corporate Loan/Working Capital Term Loan to certain bodies corporate in the ordinary course of business, the terms of which are at arms' length basis. None of these loans constitute as transactions with related parties. However, in few cases, the Company's borrowers had undertaken onward lending transactions to companies which are identified as Group Companies by Reliance Capital Limited (holding company) in terms of the Core Investment Companies (Reserve Bank) Directions, 2016. These loans are secured and in few cases its further guaranteed by the Group Companies.

Considering the end use of loans given, the Company has considered the below loans amounting to ₹ 4,979.89 crore (Previous year ₹ 5,171.73 crore), as 'Exposure to group companies' for the purpose of various regulatory disclosures.

Independent Auditors' Report on the Consolidated Financial Statements

To the Members of
Reliance Commercial Finance Limited

Report on the Audit of Consolidated Ind AS Financial Statements

Qualified Opinion

We have audited the accompanying consolidated Ind AS financial statements of **Reliance Commercial Finance Limited** ("hereinafter referred to as the Company, the holding company and its subsidiary (the Company and its subsidiary together referred to as "the Group") and its Associates which comprise the consolidated Balance Sheet as at March 31, 2021 the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended and notes to the consolidated Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS"), of the consolidated state of affairs of the Group as at March 31, 2021, its consolidated losses (including other comprehensive income), consolidated changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note No. 64 of the Consolidated Ind AS Financial Statements with regards to the loan sanctioned under the Corporate Loan book with significant deviations to certain bodies corporate including group companies and outstanding as at March 31, 2021 aggregating to Rs. 4,979.89 crore and secured by charge on current assets of borrowers. As stated in the said note, in certain cases the corporate borrowers of Holding Company's, have undertaken onward lending transactions and end use of the borrowings from the Holding Company included borrowings by or for repayment of financial obligation to some of the group companies. These exposures to borrowers are secured against charge on current assets including in certain cases it's further guaranteed by the Group Companies. Further, the Group has provided Expected credit loss on loan and advance for the year ended March 31, 2021 (Refer Note No. 48 (E) to the Consolidated Ind AS Financial Statements). The recovery against these loans are dependent on the recovery of onward lending of the borrowers which further depends on external factors not wholly within control of the Holding Company. We were unable to obtain sufficient audit evidence about the recoverability of the aforesaid loans. Accordingly, we were unable to determine the consequential implications arising therefrom and it may have implications of adjustments, disclosures or compliances on certain elements in the accompanying Consolidated Ind AS Financial Statements of the Group.

The Holding Company has entered into an Inter Creditors Agreement ("ICA") dated July 6, 2019 under the framework of the circular issued by the Reserve Bank of India on "Prudential Framework for Resolution of Stressed Assets" dated June 7, 2019. In view of ICA agreement, the Holding Company has not recognized any penal interest and additional interest due to default and downgrade of the credit rating. Subject to balance confirmation and their reconciliation from banks/lenders other than principal amount, there is material unreconciled balance as per books of the Holding Company and lenders/banks as at March 31, 2021. The impact, if any, due to non-recognition of the penal interest and additional interest as explained above, in the financial statements is not ascertainable at present. Accordingly, we are unable to comment on the completeness and accuracy of the bank balances, borrowings and interest expense thereof as at March 31, 2021, for the year ended on that date respectively.

Going Concern

We draw attention to Note No. 59 of the Consolidated Ind AS Financial Statements which sets out the fact that, during the year ended the Group has incurred losses of Rs. 2,663.09 crores (31 March 2020 : Rs. 1,443.00 crore) respectively and it has accumulated losses of Rs. 6,012.50 crore (31 March 2020 : Rs. 3,349.41 crore) resulting it has negative Capital to risk weighted assets ratio (CRAR) and negative net owned fund of the Holding Company (refer Note No. 45 (ii) to Consolidated Ind AS Financial Statements). The Holding Company is engaged with all its lenders to enter into an Inter-Creditor Agreement (ICA) dated July 6, 2019 and subsequent extension of ICA till June 30, 2021 for the resolution of its debt in accordance with the circular dated June 7, 2019 issued by the Reserve Bank of India on Prudential Framework for Resolution of Stressed Assets. Resolution under Inter-Creditor Agreement (ICA) frame-work for its debt depend on agreement with lenders and other external factors. In view of the steps taken by the Company along with Inter-Creditor Agreement (ICA), accordingly, the Consolidated Ind AS Financial Statements of the Group have been prepared on a going concern basis. The Group's ability to meet its obligations is significantly dependent on material uncertain events including restructuring of loans and achievement of debt resolution under Inter-Creditor Agreement (ICA) frame-work that may cast significant doubt on the Group's ability to continue as a going concern.

Emphasis of Matter

a) We draw attention to Note No. 61 of the Consolidated Ind AS Financial Statements referring to filing of Form ADT-4 under Section 143(12) of the Companies Act, 2013 to Ministry of Corporate Affairs (MCA) by the previous auditor. Based on the views of the Holding Company and supported by legal opinions there were no matters attracting the said Section. This matter is still pending with the MCA.

b) We draw attention to Note No. 56 (i) to the Consolidated Ind AS Financial Statements, in which the extant to which the COVID-19 pandemic will impact the Group's financial performance including the Group's estimates of impairment of total assets which is dependent on future developments, which are uncertain.

Our opinion is not modified in respect of above matters.

Key Audit Matters

Except for matters described in the Basis for Qualified Opinion Section. We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report, but does not include the Consolidated Ind AS Financial Statements and our auditor's report thereon. The Directors report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Ind AS Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Consolidated Ind AS financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of a subsidiary, whose unaudited financial statements reflect total assets of Rs. 0.34 crore as at 31 March, 2021, total revenues of Rs. Nil for the year ended, and total net loss after tax of Rs.0.04 crore for year ended and net cash outflow amounting to Rs.(0.001) crore for the year ended 31 March, 2021 respectively, as considered in the Statement, which have been certified by the management. The Statement also includes Group's share of net profit of Rs. 2.18 crore for the period ended, as considered in the Statement, in respect of associate, whose financial statements/financial information have been certified by the management. The financial statements of these entities have been furnished to us by the management and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the financial statements certified by the management and the procedures performed by us are as stated in section above.

Our opinion on the Statement is not modified in respect of the above matters with respect to our reliance on the work done and the financial information certified by the Board of Directors.

Report on Other Legal and Regulatory Requirements

(1) As required by the Section 143(11)(3) of the Act, based on our audit and on the consideration of management certified financial statements of such subsidiary and associates, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:

a. We have sought and except for the matter described in the Basis for Qualified Opinion section of our report obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the statement of Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the books of accounts;

d. Except for the effects of the matter described in the Basis for Qualified Opinion section of our report, in our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;

e. The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Group.

f. On the basis of the written representations received from the directors of the Company, as on March 31, 2021, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act;

g. With respect to the adequacy of the internal financial controls over financial reporting of the company with reference to consolidated Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A".

h. In our opinion and to the best of our information and according to the explanations given to us, the managerial remuneration for the year ended March 31, 2021 has been paid/ provided by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 read with Schedule V of the Act;

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Group has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements – Refer Note No. 43(a) on Contingent Liabilities of the consolidated Ind AS financial statements;

(ii) The Group has made provision as at March 31, 2021, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note No. 62 to the consolidated Ind AS financial statements;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group during the year ended March 31, 2021.

Annexure "A" to the Independent Auditors' Report on the Consolidated Financial Statements

Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Reliance Commercial Finance Limited on the consolidated Ind AS financial statements for the year ended March 31, 2021

Report on the Internal Financial Controls with reference to Consolidated Ind AS Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Reliance Commercial Finance Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated Ind AS financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to consolidated Ind AS financial statements included obtaining an understanding of internal financial controls with reference to consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to consolidated Ind AS financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Ind AS Financial Statements

A Group's internal financial control with reference to consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated

Ind AS financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis of Qualified Opinion

According to information and explanations given to us and based on our audit following material weaknesses has been identified as at March 31, 2021:

The Company's internal financial control system over financial reporting is not operating effectively in respect of controls over expected credit loss modelling and in respect of corporate loan book segment due to weak credit appraisal and loan sanctioning mechanism, however the Company has not lent any new loan to borrower during the current financial year. Internal control system need to be strengthened for credit evaluation, and establishing customer credit limits for disbursement of loan, to mitigate the risk of potentially result in the Company recognising revenue without establishing reasonable certainty of ultimate collection. We have not received sufficient audit evidences for other controls and we are unable to comment on operating effectiveness of that. The effects on the Consolidated Ind AS financial statements for aforesaid material weakness of controls have not been determined.

Annexure "A" to the Independent Auditors' Report on the Consolidated Financial Statements

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to consolidated Ind AS financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion, the Company needs to strengthen its controls over ECL modelling and also, except for the effects/possible effects of the material weaknesses on corporate loan book described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as of March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2021 consolidated Ind AS financial statements of the Company, and the effects on the consolidated Ind AS financial statements for aforesaid material weakness of controls have not been determined and the qualification has affected our opinion on the consolidated Ind AS financial statements of the Company and we have issued a qualified Opinion on the consolidated Ind AS financial statements of the Company.

Notes to the Consolidated Financial Statements for the year ended March 31, 2021

1 Corporate information

Reliance Commercial Finance Limited ("the Company") formerly known as Reliance Gilts Limited, was incorporated on August 17, 2000 with the Registrar of Companies (RoC), Maharashtra, Mumbai. Subsequently, as on May 21, 2009 the Company was registered as a Non-Banking Financial Company without accepting public deposits, as defined under Section 45-IA of the Reserve Bank of India Act, 1934. The Company is principally engaged in lending activities and provides loans to small and medium enterprises for working capital and growth, loans to commercial vehicles and two wheelers, loans against property, personal loans and financing of various micro enterprises.

The registered office of the Company is located at 7th Floor, B-Wing, Trade World, Kamala Mills Compound, S. B. Marg, Lower Parel, Mumbai 400013. The Company is a public limited company and its debt securities are listed on the BSE Limited (BSE).

2 Significant accounting policies and critical accounting estimate and judgments

2.1 Basis of preparation, measurement and significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1.1 Basis of Preparation of Financial Statements

(i) Compliance with Ind AS

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under Section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by Reserve Bank of India (RBI). The consolidated financial statements have been prepared on a going concern basis. The Group uses accrual basis of accounting except in case of significant uncertainties. These financial statements are presented in Indian rupees rounded off to the nearest crore upto two decimal places except otherwise stated.

The aforesaid consolidated financial statements of Reliance Commercial Finance Limited ("the Parent Company" or "the Company"), its subsidiary i.e. Gullfoss Enterprises Private Limited (together referred to as the "Group") and its associates i.e., Global Wind Power Limited and Reinplast Advanced Composites Private Limited.

(ii) Principles of consolidation and equity accounting

(a) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account for business combinations by the Group. The Group combines the financial statements of the Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions within the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, consolidated statement of changes in equity and balance sheet respectively.

(b) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (d) below), after initially being recognised at cost.

(c) Joint ventures

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

Interests in joint ventures are accounted for using the equity method (see (d) below), after initially being recognised at cost in the consolidated balance sheet.

(d) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

(e) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying -amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

(iii) Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by

(i) certain financial assets and financial liabilities at fair value,

(ii) assets held for sale measured at fair value less cost to sell, and

(iii) defined benefit plans – plan assets that are measured at fair value.

(iv) Order of liquidity

The Company is covered in the definition of Non-Banking Financial Company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. Pursuant to Ind AS 1 - 'Presentation of Financial Statements' and amendment to Division III of Schedule III to the Companies Act, 2013 dated October 11, 2018, the Company presents its balance sheet in the order of liquidity. This is since the Company does not supply goods or services within a clearly identifiable operating cycle, therefore making such presentation more relevant. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note No. 48(i)

(v) Compliance with RBI Master Direction

The Company complies in all material respects, with the prudential norms relating to income recognition, asset classification and provisioning for bad and doubtful debts and other matters, specified in the master directions issued by the Reserve Bank of India ('RBI') in terms of "Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016" ("RBI Master Direction') vide Reserve Bank of India (RBI) Notification No. RBI/DNBR/2016-17/45 Master Direction DNBR. PD. 008/03.10.119/2016-17 dated September 1, 2016 updated on timely basis (the "RBI Directions") as applicable to the Company. Indian Accounting Standards and Guidance Notes issued by the Institute of Chartered Accountants of India (referred to in these Directions as "ICAI") shall be followed insofar as they are not inconsistent with any of these Directions.

(vi) Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialised.

2.1.2 Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the service rendered (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

1. Identification of contract(s) with customers;
2. Identification of the separate performance obligations in the contract;
3. Determination of transaction price;
4. Allocation of transaction price to the separate performance obligations; and
5. Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for:

a) Purchased or originated credit impaired (POCI) financial assets, for which the original credit-adjusted effective interest rate is applied to the amortised cost of the financial asset.

b) Financial assets that are not 'POCI' but have subsequently become credit-impaired (or 'stage 3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost (i.e. net of the expected credit loss provision).

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. The calculation does not consider expected credit losses and includes transaction costs, premiums or discounts and fees and points paid or received that are integral to the effective interest rate, such as origination fees. For POCI financial assets – assets that are credit-impaired (see definition on note xx) at initial recognition – the Company calculates the credit-adjusted effective interest rate, which is calculated based on the amortised cost of the financial asset instead of its gross carrying amount and incorporates the impact of expected credit losses in estimated future cash flows.

Interest income on fixed deposits is recognised as it accrues on a time proportion basis taking into account the amount outstanding

(ii) Loan processing fees and other operating income

Fees and commission incomes and expenses that are integral to the effective interest rate on a financial asset or liability are included in the effective interest rate. Fees and commission that are not integral to the effective interest rate are recognised on accrual basis over the life of the loan.Other operating income i.e. Foreclosure & Bounce Charges, Loan Re-schedulement Charges are accounted on cash basis.

(iii) Income from direct assignment

In case of direct assignment of loans, the assets are derecognized when all the rights, title, future receivables and interest thereof along with all the risks and rewards of ownership are transferred to the purchasers of assigned loans. The profit if any, as reduced by the estimated provision for loss/expenses and incidental expenses related to the transaction, is recognised as gain or loss arising on assignment.

Servicing fees received is accounted for based on the underlying deal structure of the transaction as per the agreement and excess interest spread (EIS) on the deal is accounted for upfront as and when it becomes due.

(iv) Income from securitisation

In case of securitization of loans, (a) Secrutisation transactions prior to March 31, 2017 the assets are derecognized when all the rights, title, future receivables and interest thereof along with all the risks and rewards of ownership are transferred to the purchasers of securtised loans. The profit if any, as reduced by the estimated provision for loss/ expenses and incidental expenses related to the transaction, is recognised as gain or loss arising on securitization on a monthly basis, (b) Securtisation transactions after March 31, 2017 the assets are not derocognised and continued in the books as loans. Servicing fees received is accounted for based on the underlying deal structure of the transaction as per the agreement.

(v) Income from investments

Profit / (Loss) earned from sale of investments is recognised on trade date basis net off expenses incurred on sale. The cost of investment is computed based on weighted average basis.

(vi) Dividend income

Dividend income is recognised in the statement of profit or loss on the date that the Company's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the shareholders approve the dividend.

(vii) Rental income

Lease income from operating leases where the Comapany is a lessor is recognised in income on a straightline basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(viii) Brokerage Income

Brokerage income is recognized when there is no significant uncertainty as to determination and realization and as per agreement.

(ix) Income from trading in derivatives

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into, and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the statement of profit and loss immediately.Brokerage and other payments made in connection with the acquisition of derivatives are added to the cost of acquisition. The amount shown under sale of currency derivatives is net of brokerage.

2.1.3 Foreign currency translation

(i) Functional and presentation currency

Items included in financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Reliance Commercial Finance Limited's functional and presentation currency.

(ii) Translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on nonmonetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

2.1.4 Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognised for financial assets measured at amortised cost and investments in debt instruments measured at FVOCI, which results in an accounting loss being recognised in profit or loss when an asset is newly originated.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognised as a gain or loss.

b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortised over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realised through settlement.

When the Company revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognised in profit or loss.

2.1.5 Financial assets

(i) Classification and subsequent measurement

The Company has applied Ind AS 109 and classifies its financial assets in the following measurement categories:

- Fair value through profit or loss (FVPL);
- Fair value through other comprehensive income (FVOCI); or
- Amortised cost.

The classification requirements for debt and equity instruments are described below:

Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as loans, government and corporate bonds and trade receivables.

Classification and subsequent measurement of debt instruments depend on:

(i) the Company's business model for managing the asset; and

(ii) the cash flow characteristics of the asset.

Based on these factors, the Company classifies its debt instruments into one of the following three measurement categories:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest ('SPPI'), and that are not designated at FVPL, are measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in Note No. 50(a). Interest income from these financial assets is recognised using the effective interest rate method.

Fair value through other comprehensive income: Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent solely payments of principal and interest, and that are not designated at FVPL, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss. Interest income from these financial assets is included in 'Interest income' using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises, unless it arises from debt instruments that were designated at fair value or which are not held for trading. Interest income from these financial assets is included in 'Interest income' using the effective interest rate method.

Fair value option for financial assets: The Company may also irrevocably designate financial assets at fair value through profit or loss if doing so significantly reduces or eliminates an accounting mismatch created by assets and liabilities being measured on different bases.

Business model: The business model reflects how the Company manages the assets in order to generate cash flows. That is, whether the Company's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVPL. Factors considered by the Company in determining the business model for a Comapny of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated. Securities held for trading are held principally for the purpose of selling in the near term or are part of a portfolio of financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. These securities are classified in the 'other' business model and measured at FVPL.

SPPI: Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Company reclassifies debt investments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent and none occurred during the period.

Equity instruments:

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in net gain/loss on fair value changes in the statement of profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Gains and losses on equity investments at FVPL are included in the statement of profit or loss.

(ii) Impairment

ECL are recognised for financial assets held under amortised cost, debt instruments measured at FVOCI, and certain loan commitments

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1' and for which a 12 month ECL is recognised. Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is an objective evidence of impairment are considered to be in 'stage 3'. Lifetime ECL is recognised for stage 2 and stage 3 financial assets.

At initial recognition, allowance (or provision in the case of loan commitments) is required for ECL towards default events that are possible in the next 12 months, or less, where the remaining life is less than 12 months.

In the event of a significant increase in credit risk, allowance (or provision) is required for ECL towards all possible default events over the expected life of the financial instrument ('lifetime ECL').

Financial assets (and the related impairment loss allowances) are written off in full, when there is no realistic prospect of recovery.

Treatment of the different stages of financial assets and the methodology of determination of ECL

(a) Credit impaired (stage 3)

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether:

- Contractual payments of either principal or interest are past due for more than 90 days;
- The loan is otherwise considered to be in default.

Restructured loans, where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower, are classified as credit impaired. Such loans continue to be in stage 3 until they exhibit regular payment of renegotiated principal and interest over a minimum observation period, typically 12 months– post renegotiation, and there are no other indicators of impairment. Having satisfied the conditions of timely payment over the observation period these loans could be transferred to stage 1 or 2 and a fresh assessment of the risk of default be done for such loans.

Interest income is recognised by applying the EIR to the net amortised cost amount i.e. gross carrying amount less ECL allowance.

(b) Significant increase in credit risk (stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure. However, unless identified at an earlier stage, 30 days past due is considered as an indication of financial assets to have suffered a significant increase in credit risk. Based on other indications such as borrower's frequently delaying payments beyond due dates though not 30 days past due are included in stage 2 for mortgage loans.

The measurement of risk of defaults under stage 2 is computed on homogenous portfolios, generally by nature of loans, tenors, underlying collateral, geographies and borrower profiles. The default risk is assessed using PD (probability of default) derived from past behavioral trends of default across the identified homogenous portfolios. These past trends factor in the past customer behavioral trends, credit transition probabilities and macroeconomic conditions. The assessed PDs are then aligned considering future economic conditions that are determined to have a bearing on ECL.

(c) Without significant increase in credit risk since initial recognition (stage 1)

ECL resulting from default events that are possible in the next 12 months are recognised for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioral trends witnessed for each homogenous portfolio using application/behavioral score cards and other performance indicators, determined statistically.

(d) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR.

- Determination of PD is covered above for each stages of ECL.
- EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date to the date of default together with any expected drawdowns of committed facilities.
- LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

(iii) Modification of loans

The Company sometimes renegotiates or otherwise modifies the contractual cash flows of loans to customers. When this happens, the Company assesses whether or not the new terms are substantially different to the original terms. The Company does this by considering, among others, the following factors:

- If the borrower is in financial difficulty, whether the modification merely reduces the contractual cash flows to amounts the borrower is expected to be able to pay.
- Whether any substantial new terms are introduced, such as a profit share/equity-based return that substantially affects the risk profile of the loan.
- Significant extension of the loan term when the borrower is not in financial difficulty.
- Significant change in the interest rate.
- Change in the currency the loan is denominated in.
- Insertion of collateral, other security or credit enhancements that significantly affect the credit risk associated with the loan.

If the terms are substantially different, the Company de-recognizes the original financial asset and recognizes a 'new' asset at fair value and recalculates a new effective interest rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation purposes, including for the purpose of determining whether a significant increase in credit risk has occurred. However, the Company also assesses whether the new financial asset recognised is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are also recognised in profit or loss as a gain or loss on derecognition.

If the terms are not substantially different, the renegotiation or modification does not result in derecognition, and the Company recalculates the gross carrying amount based on the revised cash flows of the financial asset and recognizes a modification gain or loss in the statement of profit or loss. The new gross carrying amount is recalculated by discounting the modified cash flows at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

(iv) Derecognition other than on a modification

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either (i) the Company transfers substantially all the risks and rewards of ownership, or (ii) the Company neither transfers nor retains substantially all the risks and rewards of ownership and the Company has not retained control. The Company directly reduces the gross carrying amount of a financial asset when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company enters into transactions where it retains the contractual rights to receive cash flows from assets but assumes a contractual obligation to pay those cash flows to other entities and transfers substantially all of the risks and rewards. These transactions are accounted for as 'pass through' transfers that result in derecognition if the Company:

(i) Has no obligation to make payments unless it collects equivalent amounts from the assets;

(ii) Is prohibited from selling or pledging the assets; and

(iii) Has an obligation to remit any cash it collects from the assets without material delay.

Collateral (shares and bonds) furnished by the Company under standard repurchase agreements and securities lending and borrowing transactions are not de-recognised because the Company retains substantially all the risks and rewards on the basis of the predetermined repurchase price, and the criteria for derecognition are therefore not met. This also applies to certain securitisation transactions in which the Company retains a subordinated residual interest.

2.1.6 Financial Liabilities

(i) Classification and subsequent measurement

In both the current and prior period, financial liabilities are classified as subsequently measured at amortised cost, except for:

(a) Financial liabilities at fair value through profit or loss: this classification is applied to derivatives, financial liabilities held for trading and other financial liabilities designated as such at initial recognition. Gains or losses on financial liabilities designated at fair value through profit or loss are presented partially in other comprehensive income (the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability, which is determined as the amount that is not attributable to changes in market conditions that give rise to market risk) and partially profit or loss (the remaining amount of change in the fair value of the liability). This is unless such a presentation would create, or enlarge, an accounting mismatch, in which case the gains and losses attributable to changes in the credit risk of the liability are also presented in profit or loss;

(b) Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition, whereby a financial liability is recognised for the consideration received for the transfer. In subsequent periods, the Company recognizes any expense incurred on the financial liability; and

(c) Financial guarantee contracts and loan commitments.

Market linked debentures (MLDs):

The Company has issued certain non-convertible debentures, the rate of interest on which is linked to performance of specified indices over the period of the debentures. The Company has opted to designate the entire hybrid contract at FVTPL as the embedded derivative significantly modifies the cash flows that otherwise would be required by the contract. Further, the embedded derivative is not closely related to the financial liability host contract. The Company hedges its interest rate risk on MLD by taking positions in future & options based on specified indices. Any gain / loss on these hedge positions is recognised in Statement of Profit and Loss

(ii) Derecognition

Financial liabilities are derecognised when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expires).

The exchange between the Company and its original lenders of debt instruments with substantially different terms, as well as substantial modifications of the terms of existing financial liabilities, are accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The terms are substantially different if the discounted present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective interest rate, is at least 10% different from the discounted present value of the remaining cash flows of the original financial liability. In addition, other qualitative factors, such as the currency that the instrument is denominated in, changes in the type of interest rate, new conversion features attached to the instrument and change in covenants are also taken into consideration. If an exchange of debt instruments or modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognised as part of the gain or loss on the extinguishment. If the exchange or modification is not accounted for as an extinguishment, any costs or fees incurred adjust the carrying amount of the liability and are amortised over the remaining term of the modified liability.

2.1.7 Financial guarantee contracts and loan commitments

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to banks, financial institutions and others on behalf of customers to secure loans, overdrafts and other banking facilities.

Financial guarantee contracts are initially measured at fair value and subsequently measured at the higher of:

(a) The amount of the loss allowance ; and

(b) The premium received on initial recognition less income recognised in accordance with the principles of Ind AS 115.

Loan commitments provided by the Company are measured as the amount of the loss allowance.

For loan commitments and financial guarantee contracts, the loss allowance is recognised as a provision. However, for contracts that include both a loan and an undrawn commitment and the Company cannot separately identify the expected credit losses on the undrawn commitment component from those on the loan component, the expected credit losses on the undrawn commitment are recognised together with the loss allowance for the loan. To the extent that the combined expected credit losses exceed the gross carrying amount of the loan, the expected credit losses are recognised as a provision.

2.1.8 Repossessed collateral

Repossessed collateral represents financial and non-financial assets acquired by the Company in settlement of overdue loans. The assets are initially recognised at fair value when acquired and included in premises and equipment, other financial assets, investment properties or inventories within other assets depending on their nature and the Company's intention in respect of recovery of these assets, and are subsequently remeasured and accounted for in accordance with the accounting policies for these categories of assets.

2.1.9 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The power to assess the financial performance and position of the Company and make strategic decisions is vested in the executive director who has been identified as the chief operating decisions maker.

The Company is mainly engaged in the commercial finance business and all other activities revolve around the main business of the Company. Further, all activities are conducted within India and as such there is no separate reportable segment as specified in Ind AS 108 on 'Operating Segment'.

2.1.10 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current Taxes

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred Taxes

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts. Where the temporary differences are related to losses, relevant tax law is considered to determine the availability of the losses to offset against the future taxable profits. Recognition therefore involves judgement regarding the future financial performance of the particular legal entity or tax group in which the deferred tax asset has been recognised.

2.1.11 Impairment of Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.1.12 Off-setting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.1.13 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in liabilities in the balance sheet.

2.1.14 Assets (or disposal groups) held for sale

Assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the asset (or disposal group) is recognised at the date of derecognition.

Assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

2.1.15 Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 01, 2017 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives & residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term as follows:

The estimated useful lives for the different types of assets are:

Asset	Useful Life (Years)
Furniture and fixtures	10 years
Office equipment	5 years
Computers	3 years
Vehicles	8 years
Buildings	60 years
Plant & machinery	8 years

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term.

The useful lives have been determined based on technical evaluation done by the management's expert which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognised in the statement of profit or loss.

2.1.16 Intangible assets

(i) Goodwill

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or Groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or Groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

(ii) Other intangibles

Intangible assets are recognised where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development. The Company amortises intangible assets on a straight-line basis over the useful lives of the assets commencing from the month in which the asset is first put to use. The Company provides pro-rata depreciation from the day the asset is put to use.

The estimated useful lives for the different types of assets are:

Asset	Useful Life (Years)
Computer software	5 years

On transition to Ind AS, the Compnay has elected to continue with the carrying value of all of intangible assets recognised as at April 01, 2017 measured as per the previous GAAP and use that carrying valueas the deemed cost of intangible assets.

2.1.17 Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

2.1.18 Provisions

Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the company.

2.1.19 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment obligations

The Company operates the following post-employment schemes:

(a) Gratuity;

(b) Superannuation fund; and

(c) Provident fund

Defined benefit plans

Gratuity obligations: The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The estimated future payments which are denominated in a currency other than INR, are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit or loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

Superannuation fund: Contribution to Superannuation Fund, a defined contribution scheme, is made at pre-determined rates to the Superannuation Fund, Life Insurance Corporation and is charged to the Statement of Profit or loss. There are no other obligations other than the contribution payable to the Superannuation Fund.

Provident fund: The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to theextent that a cash refund or a reduction in the future payments is available.

(iii) Other long-term employee benefit obligations

Leave encashment: The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in the statement of profit or loss.

Phantom Shares: As a long-term incentive plan to employees, the Company has initiated Phantom Stock Option Plan which are cash settlement rights where the employees are entitled to get cash compensation based on agreed formulae. The employees are entitled to receive cash payment equivalent to appreciation in the value over the defined base price of the shares. The present value of the obligation under such plan is determined based on actuarial valuation.

2.1.20 Earning Per Shares

a) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year and excluding treasury shares (Refer Note No. 42).

b) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

2.1.21 Investment in subsidiaries

Investment in subsidiaries is recognised at cost and are not adjusted to fair value at the end of each reporting period. Cost of investment represents amount paid for acquisition of the said investment. The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

2.1.22 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. Company acting as a lessee A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are classified as operating leases. Basis the above principle, all leases entered into by the Company as a lessee have been classified as operating leases.

Lease payments under an operating lease is recognised on an accrual basis in the Statement of Profit and Loss.

2.1.23 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirements of Schedule III, unless otherwise stated.

2.2 Critical accounting estimates and judgements:

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

2.2.1 Estimation of fair value of unlisted securities

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions, Refer Note No. 50

2.2.2 Effective interest rate method

The Company recognises interest income/expense using the effective interest rate, i.e., a rate that represents the best estimate of a constant rate of return over the expected life of the loans. The effective interest method also accounts for the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

2.2.3 Impairment of financial assets using the expected credit loss method

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulae and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL model
- It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary.

2.2.4 Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI test and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement considered by the Company in determining the business model including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held.

2.2.5 Provisions and contingent liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

b) Terms/rights/restrictions attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. However, no such preferential amounts exists currently. The distribution will be in proportion to the number of equity shares held by the shareholders.

The dividend proposed by the Board of Directors is subject to the approval of shareholders at the ensuing Annual General Meeting, except in case of interim dividend.

c) Terms/rights/restrictions attached to preference shares

In case of 0% Non-Convertible Redeemable Preference Shares of ₹ 10 each :

40,00,00,000, 0%Non-Cumulative Non-Participative and Non convertible Redeemable Preference Shares of ₹ 10/- each (NPNCRPS) shall be redeemed at any time on or before 5 years from the date of allotment i.e. March 29, 2017. These NPNCRPS shall be redeemed at a premium to an amount calculated to yield a return of 12% per annum with effect from date of allotment up to the date of redemption.

With effect from April 1, 2018 the Company has changed the terms of its NPNCRPS. Pursuant to revised terms :

i) 0% NPNCRPS of ₹ 10 each has been changed to 12% Non Cumulative Compulsorily Convertible Redeemable Preference (NCCCRPS) of ₹ 10 each with an option to the Company and the holder thereof to convert the NCCCRPS into fully paid equity shares of the Company.

ii) The Call Option can be exercised at any time on or before 15 years from the date of allotment i.e. March 29, 2017, by giving 30 days prior written notice.

iii) These NCCCRPS shall be converted into fully paid equity shares of the Company at the end of its tenure, in the conversion ratio of 50 NCCCRPS of face value of ₹ 10 each will be converted into 1 Equity Share of face value of ₹ 10 each at a premium of ₹ 490/- per share. Equity shares arising out of conversion of NCCCRPS shall rank pari passu with the then existing equity shares of the Company.

	Total	**0.15**	0.15

39. Corporate Social Responsibility Expenditures (CSR)

As per Section 135 of the Companies Act, 2013 every Company is under obligation to incur Corporate Social Expenditures (CSR), being 2% of the average net profit during the three immediately preceding financial years towards CSR, calculated in the manner as stated in the Act.

However, in view of lossess incurred by the Company during the three immediately preceding financial years, the Company has under obligation to incur ₹ Nil (Previous year ₹ Nil) towards CSR expenditures and accordingly the Company has made a contribution of ₹ Nil (Previous year ₹ Nil) by contributing for health camps and support for education.

40 Income tax

(₹ in crore)

	Particulars	2020-21	2019-20
a)	**The components of income tax expense for the year ended March 31, 2021 and March 31, 2020 are as under :**		
	Current tax	-	-
	Adjustment in respect of current income tax of prior years	**(10.26)**	-
	Deferred tax	-	-
	Total	**(10.26)**	-

b) Reconciliation of the total tax charge

The tax charge shown in the statement of profit and loss differs from the tax charge that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India's domestic tax rate for the years ended March 31, 2021 and March 31, 2020 is, as follows:

(₹ in crore)

Particulars	2020-21	2019-20
Accounting loss before tax	**(2,675.53)**	**(1,440.84)**
Tax at India's statutory income tax rate under Section 115JB of the Income Tax Act, 1961 i.e. Minimum Alternate Tax 21.55% (previous year 21.55%)	-	-
Tax effect of the amount which are not taxable in calculating taxable income :		
- Ind AS Effect of transition period	**6.10**	6.10
- Provision for Dimunition in the Value Investments / MTM	**0.47**	-
- Provision for NPA & Doubtful Debts	**416.23**	175.17
- Provision for impairment loss	**11.24**	(0.08)
- Contingent provision against standard assets	**(58.52)**	(17.72)
Income tax expense at effective tax rate	-	-
Deferred Tax expense at effective tax rate	-	-
Income tax expense at effective tax rate	-	-
Effective tax rate	**0.00%**	0.00%

c) Deferred tax assets/liabilities

The balance comprises temporary differences attributable to the below items and corresponding movement in deferred tax assets / liabilities:

(₹ in crore)

	Particulars	As at April 1, 2019	Charged/ (credited) to profit and loss	Charged/ (credited) to OCI	As at March 31, 2020
a)	**Deferred tax liability :**				
	Property, plant and equipment	34.78	(5.34)	-	29.44
	Unamortised expenditure	13.69	(13.69)	-	-
	Fair Value of Investments	6.53	(0.57)	-	5.96
	Excess Interest Spread Receivable	31.10	(12.29)	-	18.81
	Interest on Collateral Deposits	0.16	(0.16)	-	-
		86.26	**(32.05)**	-	**54.21**
b)	**Deferred tax asset :**				
	Disallowance under the Income Tax Act, 1961	(1.02)	1.57	-	0.55
	Expected Credit Loss	(68.95)	19.77	-	(49.18)
	Unamortised Processing Fees	(16.29)	10.71	-	(5.58)
		(86.26)	**32.05**	-	**(54.21)**
	Net Deferred Tax Liabilities/(Asset) (a) - (b)	-	-	-	-

40 Income tax (Contd.)

(₹ in crore)

	Particulars	As at April 1, 2020	Charged/ (credited) to profit and loss	Charged/ (credited) to OCI	As at March 31, 2021
a)	**Deferred tax liability :**				
	Property, plant and equipment	29.44	(5.06)	-	24.38
	Fair Value of Investments	5.96	(0.26)	-	5.70
	Excess Interest Spread Receivable	18.81	(2.54)	-	16.27
		54.21	**(7.86)**	-	**46.35**
b)	**Deferred tax asset :**				
	Disallowance under the Income Tax Act, 1961	0.55	(0.55)	-	-
	Expected Credit Loss	(49.18)	2.83	-	(46.35)
	Unamortised Processing Fees	(5.58)	5.58	-	-

		(54.21)	**7.86**	-	**(46.35)**
Net Deferred Tax Liabilities/(Asset) (a) - (b)		-	-	-	-

d) Tax losses

(₹ in crore)

Particulars	2020-21	2019-20
Unused tax losses for which no deferred tax asset has been recognised	**3,388.75**	2,548.00

41 Dividend paid and proposed during the year

(₹ in crore)

	Particulars	2020-21	2019-20
(i)	**Declared and paid during the year**		
	Dividends on ordinary shares:	-	-
	Dividends on Preference shares:	-	-
Total dividends paid		-	-
(ii)	**Proposed for approval at Annual General Meeting**	**In view of current year loss, no dividend has been proposed by the Company**	

42 Earnings per share (EPS)

a) The basic earnings/(loss) per share has been calculated based on the following:

(₹ in crore)

Particulars	2020-21	2019-20
Net loss after tax available for equity shareholders (₹)	**(2,665.27)**	(1,440.84)
Weighted average number of equity shares (Nos.) -Basic	**13 53 25 700**	13 53 25 700
Weighted average number of equity shares (Nos.) -Diluted	**14 33 25 700**	14 33 25 700

b) The reconciliation between the basic and the diluted earnings per share is as follows:

Particulars	2020-21	2019-20
Basic & Diluted earnings per share (In Rupees)	**(196.95)**	(106.47)

c) Weighted average number of equity shares is computed for the purpose of calculating diluted earning per share, after giving the dilutive impact of the outstanding stock options for the respective years.

Particulars	2020-21	2019-20
Weighted average number of shares for computation of Basic EPS	**13 53 25 700**	13 53 25 700
Weighted average number of shares for computation of Diluted EPS	**14 33 25 700**	14 33 25 700

43 Contingent liabilities & Capital commitments

(₹ in crore)

Particulars			As at March 31, 2021	As at March 31, 2020
(a)	**Contingent liabilities**			
	(i)	Guarantees to banks and financial institutions	**0.65**	0.65
	(ii)	Claims against the Company not acknowledges as debt	**3.65**	3.27
	(iii)	Demand raised by GST Authorities	**0.32**	-
(b)	**Capital commitments**			
	(i)	Estimated amount of contracts remaining to be executed on capital account (net of advances)	**-**	1.68

44 Events occurring after the reporting period

In the ordinary course of business, the Company makes loans to borrowers and also recovers outstanding loans of diverse amounts from them as routine commercial transactions. Some of these involving similar amounts of loans made and amounts recovered were independent transactions in accordance with business requirements and the liquidity position. Applicable impairment and provisioning tests have been made and recorded appropriately in the financial statements, ensuring that there is no impact on revenue recognition during the year.

45 Capital risk management

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

(i) Capital management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the board.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the board.

(ii) Regulatory Capital

The following additional information is disclosed in terms of the RBI circular (Ref No. DNBR .PD. 008 / 03.10.119 / 2016-17 dated September 01, 2016) and RBI circular DNBR(PD) CC No. 053 / 03.10.119 / 2015-16 :

(₹ in crore)

	As at March 31, 2021	As at March 31, 2020
Capital to risk assets ratio (CRAR):		
Tier I capital	**(6,212.61)**	(5,332.38)
Tier II capital	**-**	-
Total capital /Net Owned Fund	**(6,212.61)**	(5,332.38)
Risk weighted assets		
CRAR (%)	**-125.48%**	-89.04%
CRAR - Tier I capital (%)	**-125.48%**	-89.04%
CRAR - Tier II capital (%)	**-**	-
Amount of subordinated debt considered as Tier II capital	**81.00**	81.00
Amount raised by issue of perpetual debt instruments		

Regulatory capital Tier I capital, which comprises share capital, share premium, special reserves, share option outstanding account, retained earnings including current year profit less accrued dividends. Certain adjustments are made to Ind AS based results and reserves, as prescribed by the Reserve Bank of India.

Few of the Company's borrowers have undertaken onward lending transactions to companies which are identified as Group Companies by Reliance Capital Limited (holding company) in terms of the Core Investment Companies (Reserve Bank) Directions, 2016. Considering the end use of loans given, the Company has considered these loans as 'Exposure to group companies' and accordingly reduced from owned fund as part of the CRAR calculation. (Refer Note No. 64).

46 Employee benefit plans

a) Defined contribution plans

The Company has recognised the following amounts in the statement of profit and loss towards contribution to defined contribution plans which are included under contribution to provident and other funds:

(₹ in crore)

Particulars	2020-21	2019-20
Employer's contribution to provident fund	1.06	2.15
Employer's contribution to superannuation fund	-	0.02
Employer's contribution to Gratuity Fund	1.10	1.11
Total	**2.16**	**3.28**

b) Defined benefit plans

The company has a defined benefit gratuity plan in India (funded). The company's defined benefit gratuity plan is a final salary plan for India employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

i) Balance Sheet

(₹ in crore)

	Present value of obligation	Fair value of plan assets	Net amount
As at April 1, 2019			
Present Value of Benefit Obligation at the beginning of the period	**4.49**	**2.05**	**2.44**
Current service cost	**0.93**	**-**	**0.93**
Interest expense/(income)	**0.35**	**0.16**	**0.19**
Liability Transferred In/Acquistions	**-**	**-**	**-**
Assets Transferred In/Acquistions	**-**	**-**	**-**

Acturial loss / (gain) arising from change in demographic assumptions	**0.01**	**-**	**0.01**
Acturial loss / (gain) arising on account of experience changes	**0.01**	**-**	**0.01**
Employer contributions	**-**	**2.74**	**(2.74)**
Benefit payments	**(4.16)**	**(4.16)**	**-**
As at March 31, 2020	1.80	0.69	1.11
Current service cost	0.23	-	0.23
Interest expense/(income)	0.12	0.05	0.07
Liability Transferred In/Acquistions	-	-	-
Assets Transferred In/Acquistions	-	-	-
Return on plan assets	-	0.07	(0.07)
Acturial loss / (gain) arising from change in financial assumptions (* Gain of ₹ 17,249)	*	-	*
Acturial loss / (gain) arising from change in demographic assumptions	-	-	-
Acturial loss / (gain) arising on account of experience changes	0.30	-	0.30
Employer contributions	-	1.48	(1.48)
Benefit payments	(0.35)	(0.35)	-
As at March 31, 2021	**2.10**	**1.94**	**0.16**

46 Employee benefit plans (Contd.)

(₹ in crore)

Particulars	As at March 31, 2021	As at March 31, 2020
Present value of plan liabilities	2.10	1.80
Fair value of plan assets	(1.94)	(0.69)
Plan liability net of plan assets	**0.16**	**1.12**

ii) Statement of Profit and Loss

(₹ in crore)

Particulars	2020-21	2019-20
Employee Benefit Expenses:		
Net Interest cost	0.07	0.19
Current service cost	0.23	0.93
Total	**0.31**	1.12
Finance cost	**-**	-
Net impact on the profit before tax	**0.31**	**1.12**
Remeasurement of the net defined benefit liability:		
(i) Return on plan assets excluding amounts included in interest expense/income	**(0.07)**	0.10
(ii) Actuarial gains/(losses) arising from changes in demographic assumptions	**-**	-
(iii) Actuarial gains/(losses) arising from changes in financial assumptions	**0.29**	0.19
(iv) Actuarial gains/(losses) arising from changes in experience	**-**	-
(v) Actuarial gains/(losses) arising from changes in experience	**-**	-
Net impact on the other comprehensive income before tax	**0.23**	**0.29**

iii) Defined benefit plans assets

Category of assets (% allocation)	As at March 31, 2021	As at March 31, 2020
Insurer managed funds		
- Government securities	-	-
- Deposit and money market securities	100.00	100.00
- Debentures / bonds	-	-
- Equity shares	-	-
Total	**100.00**	**100.00**

iv) Actuarial assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

Particulars	As at March 31, 2021	As at March 31, 2020
Discount rate	**6.57%**	6.56%
Salary escalation rate*	**6.00%**	6.00%

* takes into account the inflation, seniority, promotions and other relevant factors

46 Employee benefit plans (Contd.)

v) Demographic assumptions

Particulars	As at March 31, 2021	As at March 31, 2020
Mortality Rate	**Indian Assured Lives Mortality (2006-08) Ultimate**	Indian Assured Lives Mortality (2006-08) Ultimate
Attrition Rate	**For Service 4 years and below 20.00% p.a. and For Service 5 years and above 5.00% p.a.**	For Service 4 years and below 5.00% p.a. and For Service 5 years and above 1.00% p.a.
Retirement Age	**58 Years**	58 Years
Vesting Period	**5 Years**	5 Years

vi) Sensitivity

As at March 31, 2021	Change in assumption	Impact on defined benefit obligation	
		Increase	Decrease
Discount rate	1.00%	0.16	0.18
Salary escalation rate	1.00%	0.18	0.16
Employee Turnover rate	1.00%	0.00	0.00

As at March 31, 2020	Change in assumption	Impact on defined benefit obligation	
		Increase	Decrease
Discount rate	1.00%	0.14	0.16
Salary escalation rate	1.00%	0.16	0.15
Employee Turnover rate	1.00%	0.00	0.00

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

vi) Maturity

The defined benefit obligations shall mature after year end as follows:

(₹ in crore)

Particulars	As at March 31, 2021	As at March 31, 2020
1st Following Year	**0.10**	0.09
2nd Following Year	**0.11**	0.09
3rd Following Year	**0.12**	0.10
4th Following Year	**0.20**	0.10
5th Following Year	**0.13**	0.18
Sum of 6 to 10	**0.97**	0.72
Sum of Year 11 and above	**2.27**	2.13

46 Employee benefit plans (Contd.)

c) Phantom Stock Option Scheme:

As a long term incentive plan to employees, the Company has initiated Phantom Stock Option Plan on October 15, 2015 which are cash settlement rights where the employees are entitled to get cash compensation based on a agreed formulae linked to market value of subsidiary company shares upon exercise of phantom stock options over notional or hypothetical shares.

Liability towards the scheme is accounted for on the basis of management estimation done at the year end. The valuation of the shares is done considering the Projected Unit Credit Method and the progression of share price up to the exercise of the option. Fair Value of Phantom Stock Options was estimated on the date of grant on the assumptions.

Vested Phantom Options can be exercised on continuation of employment any time upto 3 years from the date of last vesting and upon cessation of employment as per the terms of the Scheme. Settlement of Phantom Option is done in cash within 90 days from the date of exercise. For the current year the Company has created provision of ₹ Nil (Previous year ₹ Nil).

Notes :

1 Transaction values are including taxes and duties (after netting off input credit), if any.

2 Amounts in bracket : (-) denote previous years figures i.e. financial year 2019-20.

3 Name of the related parties and nature of their relationships where control exists have been disclosed irrespective of whether or not there have been transactions with the Company. In other cases, disclosures have been made only when there have been transactions with those parties.

4 Related parties as defined under clause 9 of the Ind AS 24 'Related party disclosures' have been identified based on representations made by key managerial personnel and information available with the Company. All above transactions are in the ordinary course of business and on an arms' length basis. All outstanding balances are to be settled in cash and are unsecured.

5 Provisions for gratuity, compensated absences and other long term service benefits are made for the Company as a whole and the amounts pertaining to the key managerial personnel are not specifically identified and hence are not included above.

6 There is no transaction with the associate company during the year.

48 Risk management objectives and policies

(i) Risk Management Framework

A summary of the major risks faced by the Company, its measurement monitoring and management are described as under:

Nature of Risk	Arising from	Executive governance structure	Measurement, monitoring and management of risk
Liquidity and funding risk	Liquidity risk arises from mismatches in the timing of cash flows. Funding risk arises: (i) when long term assets cannot be funded at the expected term resulting in cashflow mismatches; (ii) amidst volatile market conditions impacting sourcing of funds from banks and money markets	Board appointed Asset Liability Committee (ALCO)	Liquidity and funding risk is: (i) measured by identifying gaps in the structural and dynamic liquidity statements. (ii) monitored by – assessment of the gap between visibility of funds and the near term liabilities given current liquidity conditions and evolving regulatory directions for NBFCs. – a constant calibration of sources of funds in line with emerging market conditions in banking and money markets. – periodic reviews by ALCO relating to the liquidity position and stress tests assuming varied 'what if' scenarios and comparing probable gaps with the liquidity buffers maintained by the Company. (iii) managed by the Company's treasury team under the guidance of ALCO.
Interest rate risk	Interest rate risk stems from movements in market factors, such as interest rates, credit spreads which impacts investments, income and the value of portfolios.	Board appointed Asset Liability Committee (ALCO)	Interest rate risk is: (i) monitored by assessment of probable impacts of interest rate sensitivities under simulated stress test scenarios given range of probable interest rate movements on both fixed and floating assets and liabilities. (ii) managed by the Company's treasury team under the guidance of ALCO.
Credit risk	Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company	Board appointed Risk Management Committee	Credit risk is: (i) measured as the amount at risk due to repayment default of a customer or counterparty to the Company. Various matrics such as EMI default rate, overdue position, collection efficiency, customers non performing loans etc. are used as leading indicators to assess credit risk. (ii) monitored by Risk Management Committee using level of credit exposures, portfolio monitoring, geographic, customer and portfolio concentration risks. (iii) managed by a robust control framework by the risk department which continuously align credit policies and reviews of portfolios and delinquencies by senior and middle Management team comprising of risk, analytics, collection and fraud containment along with business. The same is periodically reviewed by the Board appointed Risk Management Committee

(a) Liquidity and funding risk

The Company's ALCO monitors asset liability mismatches to ensure that there are no imbalances or excessive concentrations on either side of the Balance Sheet.

The Company continuously monitors liquidity in the market; and as a part of its ALCO strategy.

48 Risk management objectives and policies (Contd.)

The table below shows an analysis of assets and liabilities (maturity analysis) according to when they are to be recovered or settled.

Net	**(2,905.17)**	**(395.69)**	**(3,300.86)**	**(819.51)**	**182.05**	**(637.46)**

(b) Market risk

Market risk is the risk that the fair value of future cash flow of financial instruments will fluctuate due to changes in the market variables such as interest rates, foreign exchange rates and equity prices. The Company do not have any exposure to foreign exchange rate and equity price risk.

(c) Credit risk

Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company. It has a diversified lending model and focuses on six broad categories viz: (i) consumer/retail lending, (ii) SME lending, (iii) infra lending, (iv) micro financing, and (vi) other commercial lending. The Company assesses the credit quality of all financial instruments that are subject to credit risk. The company has manged the credit risk by diversifying into retail segment in recent years. In SME lending also, focus has been on the products with lower ticket size.

Classification of financial assets under various stages

The Company classifies its financial assets in three stages having the following characteristics:

- Stage 1: unimpaired and without significant increase in credit risk since initial recognition on which a 12 months allowance fo ECL is recognised;
- Stage 2: a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised;
- Stage 3: objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which a lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk when they are 30 days past due (DPD) and are accordingly transferred from stage 1 to stage 2. For stage 1 an ECL allowance is calculated based on a 12 months Point in Time (PIT) probability weighted probability of default (PD). For stage 2 and 3 assets a life time ECL is calculated based on a lifetime PD.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD).

(ii) Collateral Valuation

The nature of products across these broad categories are either unsecured or secured by collateral. Although collateral is an important risk mitigant of credit risk, the Company's practice is to lend on the basis of assessment of the customer's ability to repay rather than placing primary reliance on collateral. Based on the nature of product and the Company's assessment of the customer's credit risk, a loan may be offered with suitable collateral. Depending on its form, collateral can have a significant financial effect in mitigating the Company's credit risk.

(iii) Analysis of Concentration Risk

The Company has started new products like two wheelers and other retail products to manage the concentration risk. The company also has portfolio across geographies to manage the geographical risk.

A The table below summarises the approach adopted by the Company for various components of ECL viz. PD, EAD and LGD across product lines using emperical data where relevant:

<table>
<tr><th rowspan="2">Lending verticals</th><th rowspan="2">Nature of businesses</th><th colspan="3">PD</th><th rowspan="2">EAD</th><th rowspan="2">LGD</th></tr>
<tr><th>Stage 1</th><th>Stage 2</th><th>Stage 3</th></tr>
<tr><td>Consumer/ retail lending</td><td>Products being offered are two wheelers, Used Cars and Unsecured loans under this category</td><td rowspan="5">The actual behaviour of the portfolio, taking the average of the last 5 years of the products having the similar characteristics</td><td rowspan="5">The actual behaviour is simulated for the balance tenor of the each individual loan</td><td rowspan="5">100%</td><td rowspan="5">For Stage 3, Exposure at default and for the Stages 1 & 2 it's the principal outstanding and Interest Overdue as on the reporting date. Cash Collateral, if any, is deducted from the exposure in both the scenarios.</td><td rowspan="5">Past trends of recoveries
for each set of portfolios
are discounted at a
reasonable approximation
of the original effective
rates of interest. The recoveries considered are also within the reasonable time frame.</td></tr>
<tr><td>SME lending</td><td>A wide range of products like Equipment funding, SME Loans against property for meeting the working capital or the capital requirement of SMEs</td></tr>
<tr><td>Infra lending</td><td>Under this category fund the projets under the renewable space. Facilities are extended till the principle banker does the final funding to the IPPs or EPC companies</td></tr>
<tr><td>Micro financing</td><td>Term loans to the NBFC-MFIs, Sec 8 companies etc for onward lending and also direct lending through partners</td></tr>
<tr><td>Other commercial lending</td><td>Comercial Vehicles, Construction Equipments, LAP, CF etc, these products are the ones which have been dicontinued</td></tr>
</table>

48 Risk management objectives and policies (Contd.)

B The table below summarises the gross carrying values and the associated allowances for expected credit loss (ECL) stage wise for loan portfolio:

(i) Secured lending (₹ in crore)

	As at March 31, 2021			Total	As at March 31, 2020			Total
	Stage 1	Stage 2	Stage 3		Stage 1	Stage 2	Stage 3	
Gross Carrying Value	1,820.10	183.63	7,752.74	**9,756.47**	4,088.36	432.36	5,638.61	10,159.33

Amounts written off during the year	-	(1.12)	(215.97)	(217.09)	-	-	(150.85)	(150.85)
Closing balance	**1,883.51**	**185.73**	**7,951.56**	**10,020.81**	**4,312.99**	**431.78**	**5,695.44**	**10,440.21**

D **Reconciliation of ECL balance** (₹ in crore)

Particulars	As at March 31, 2021			Total	As atMarch 31, 2020			Total
	Stage 1	Stage 2	Stage 3		Stage 1	Stage 2	Stage 3	
Opening balance	250.33	51.51	965.68	1,267.52	73.75	310.33	152.77	536.85
New assets originated or purchased	-	-	-	-	19.16	0.13	43.32	62.61
Assets derecognised or repaid	556.25	86.65	1,017.11	1,660.01	516.19	187.84	(35.97)	668.06
Transfers to Stage 1	(797.08)	13.65	783.43	-	0.27	(0.21)	(0.07)	-
Transfers to Stage 2	0.18	(132.30)	132.12	-	(44.10)	47.52	(3.42)	-
Transfers to Stage 3	0.20	0.89	(1.08)	0.01	(314.95)	(494.09)	809.05	-
Closing balance	**9.88**	**20.40**	**2,897.26**	**2,927.54**	**250.33**	**51.51**	**965.68**	**1,267.52**

The decrease in the ECL balance is due to few loan balances written off in the current year.

E During the year the company has made provision on loans and advances in accordance with Expected Credit Loss model as adopted in the previous years.

49 Fair values

a) Financial instruments – fair value and risk management

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

Valuation methodologies adopted

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under:

(i) Fair values of investments held for trading under FVTPL have been determined under level 1 using quoted market prices of the underlying instruments;

(ii) Fair values of strategic investments in equity instruments designated under FVOCI have been measured under level 3 at fair value based on a discounted cash flow model.

(iii) Fair values of other investments under FVOCI have been determined under level 1 using quoted market prices of the underlying instruments;

(iv) Fair value of loans held under a business model that is achieved by both collecting contractual cash flows and partially selling the loans through partial assignment to willing buyers and which contain contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest are measured at FVOCI. The fair value of these loans have been determined under level 3.

The Company has determined that the carrying values of cash and cash equivalents, bank balances, trade receivables, short term loans, floating rate loans, investments in equity instruments designated at FVOCI, trade payables, short term debts, borrowings, bank overdrafts and other current liabilities are a reasonable approximation of their fair value and hence their carrying value are deemed to be fair value.

b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:

(a) recognised and measured at fair value and

(b) measured at amortised cost and for which fair values are disclosed in the financial statements

The Company determines fair values of its financial instruments according to the following hierarchy:

Level 1: valuation based on quoted market price: financial instruments with quoted prices for identical instruments in active markets that the Company can access at the measurement date.

Level 2: valuation based on using observable inputs: financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.

Level 3: valuation technique with significant unobservable inputs: – financial instruments valued using valuation techniques where one or more significant inputs are unobservable. Equity investments designated under FVOCI has been valued using discounted cash flow method.

Disclosures of Assets and liabilities measured at fair value – recurring fair value measurements as at March 31, 2021

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- Listed equity investments (other than subsidiaries and associates - Quoted bid price on stock exchange
- Mutual fund - net asset value of the scheme
- Debentures or bonds - based on market yield for instruments with similar risk / maturity, etc.
- Private equity investment fund - price to book value method and
- Other financial instruments – discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, a contingent consideration receivable and certain derivative contracts, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, Trade receivables, cash and cash equivalents, bank deposits and trade payables. Such amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

The fair values for loans were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of debt securities, borrowing other than debt securities, subordinate liability are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

50 Financial instruments – fair value and risk management

a) Financial instruments by category

Note :

1. Amounts in bracket : (-) denote previous years figures i.e. financial year 2019-20.

56 (i) The COVID -19 pandemic has effect across the world, including India. During the year ended March 31, 2021, the pandemic and consequent lockdown imposed by the Central & State Governments considerably impacted the Company's business operations. The pandemic has also resulted in a significantly constrain on recovery of overdues from customers.

The extent to which the COVID -19 pandemic will continue to impact the Company's results will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID -19 pandemic and any action to contain its spread or mitigate its impact.

The Company's Expected Credit Loss (ECL) provisions as on March 31, 2021 against the potential impact of COVID -19 based on the information available at this point in time. The ECL provisions held by the Company are in excess of the prescribed norms by RBI.

(ii) In accordance with the Reserve Bank of India guidelines relating to 'COVID-19 Regulatory Package' dated March 27, 2020, April 17, 2020 and May 23, 2020 ('RBI Guidelines'), the Company had offered moratorium to its customers between March 1, 2020 and August 31, 2020. For all such accounts where the moratorium is granted, the assets classification shall remain stand still during the moratorium period (i.e. the number of days past due shall excludes the moratorium period for the purposes of assets classification under the Income Recognition, Assets Classification and Provisioning norms).

The quantitative disclosure as required by RBI Circular dated April 17, 2020 for the half year ended March 31, 2021 are given below :

(₹ in crore)

Particulars	Amount
Amtount in SMA/Overdue categories as of February 29, 2020	6,586.30
Respective amounts in SMA/overdue categories, where the moratorium/deferment was extended, in terms of paragraph 2 and 3 of the Circular; as of February 29, 2020	695.51
Respective amount where asset classification benefits is extended	Nil**
Provisions made during the period in terms of paragraph 5 of the Circular #	-
Provisions adjusted against slippages in terms of paragraph 6 of the Circular	-
Residual provisions as on March 31, 2021 in terms of paragraph 6 of the Circular	Nil**

Notes :

The Company has made adequate provision for impairment loss allowance (as per ECL model) for the year ended March 31, 2021

* Outstanding as on 31 March 2021 and 31 March 2020 respectively on account of all cases in SMA/ overdue categories where moratorium benefit was extended by the Company up to 31 August 2020

** There are NIL accounts where asset classification benefit is extended till 31 March 2021. Post the moratorium period, the movement of aging has been at actuals.

57 Disclosures pursuant to RBI Circular -RBI 2020-21/16 DOR No. BP.BC/3/21.04.048/2020-21 dated August 6, 2020 :

58 Hon'ble Supreme Court, in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr) vide an interim order dated September 3, 2020 (interim order), has directed that accounts which were not declared NPA till August 31, 2020 shall not be declared as NPA till further orders. Basis the said interim order, the Company has not classified any account as NPA, as per RBI norms, after August 31, 2020 which was not NPA as of August 31, 2020. Further, in light of the interim order, even accounts that would have otherwise been classified as NPA post August 31, 2020 have not been and will not be, classified as NPA till such time the Hon'ble Supreme Court rules finally on the matter. The interim order granted to not declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matters. In accordance with the instructions in paragraph 5 of the RBI circular dated April 7, 2021 issued in this connection, the Company has continued with the asset classification of borrower accounts as per the extant RBI instructions / IRAC norms.

In accordance with the instructions in the aforesaid circular dated April 7, 2021, the Company shall refund / adjust 'interest on interest' to all borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. Pursuant to these instructions, the Company is in the process of suitably implementing the guidelines as prescribed by RBI.

59 Going Concern

During the year, the Group has incurred losses amounting to ₹ 2,663.09 crore (Previous year ₹ 1,443.00 crore) and it has accumulated losses of ₹ 6,012.50 crore as on March 31, 2021 (Previous year ₹ 3,349.41 crore). Pursuant to Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 vide RBI circular dated June 7, 2019, the Company has entered into a Inter-Creditor Agreement (ICA) on July 6, 2019 for the resolution of its debt. The timeline of 180 days given in the Circular was expired on January 3, 2020. In the Lender's meeting, all lenders had agreed to further extend the ICA period till June 30, 2021. The Company is confident of implementing its Resolution Plan within the said extended period.

In view of the steps taken by the Company as mentioned above, the accounts of the Company have been prepared on "Going Concern" basis.

60 Inter Creditor Agreement (ICA)

Lenders of Reliance Commercial Finance Limited ("Company" or "RCFL") have entered into an Inter-Creditor Agreement ("ICA") dated 6 July 2019 under the framework of the circular issued by the Reserve Bank of India on "Prudential Framework for Resolution of Stressed Assets" dated June 7, 2019 ("June 7 Circular"). In the Lender's meeting, all lenders had agreed to further extend the ICA period till June 30, 2021, considering the present situation in the country due to the ongoing Covid-19 pandemic, to enable the Company to come up with a viable resolution plan for the interest of all its creditors.

All the current operations of RCFL, including the cashflows, are being directed, reviewed and managed under the supervision of the RCFL Lenders and RCFL Lenders are jointly deciding over the operational and strategic aspects of RCFL. RCFL has been directed by the lenders led by Bank of Baroda not to service debt obligation considering the cash position of the company. In view of the same, delay in making payment to lenders /bond holders shall continue until the arrival on resolution plan. Also, in view of ICA process, the Company has not recognized any penal interest and additional Interest on account of default and downgrade of the credit rating. which results in unreconciled balance as per books of the Company and lenders/banks as at March 31, 2021.

61 The Company was informed by its previous auditors that a report under Section 143(12) of the Companies Act, 2013 in Form ADT-4 has been filed with the Ministry of Corporate Affairs (MCA) in June 2019. The Company has examined the matter and has concluded that the issues raised by the previous auditors, do not merit reporting under the said Section. The Company also appointed legal experts, who independently carried out an in-depth examination of the matter and the issues raised by the previous auditor. The legal experts have concluded and confirmed that there was no matter attracting Section 143(12) of the Companies Act, 2013. This matter is still pending with the MCA. It is noticed that the end use of the above-mentioned borrowings from the Company are repayment of borrowings or repayment of financial obligations by the Company's borrowers.

62 The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / Indian Accounting Standards there are no foreseeable losses on such long term contracts (including derivative contracts) has been made in the books of account.

63 Segment Reporting

The Group is mainly engaged in the commercial finance business and all other activities revolve around the main business of the Company. Further, all activities are conducted within India and as such there is no separate reportable segment as specified in Ind AS 108 - "Operating Segments", in terms of Companies (Indian Accounting Standards) Rules, 2015.

64 The Company had given General Purpose Corporate Loan/Working Capital Term Loan to certain bodies corporate in the ordinary course of business, the terms of which are at arms' length basis. None of these loans constitute as transactions with related parties. However, in few cases, the Company's borrowers had undertaken onward lending transactions to companies which are identified as Group Companies by Reliance Capital Limited (holding company) in terms of the Core Investment Companies (Reserve Bank) Directions, 2016. These loans are secured and in few cases its further guaranteed by the Group Companies.

Notes to the Consolidated Financial Statements for the year ended March 31, 2021

Considering the end use of loans given, the Company has considered the below loans amounting to ₹ 4,979.89 crore (Previous year ₹ 5,171.73 crore), as 'Exposure to group companies' for the purpose of various regulatory disclosures.

(₹ in crore)

Statement on Impact of Audit Qualifications (for audit report with modified opinion) submitted along-with Standalone Annual Audited Financial Results

Statement on Impact of Audit Qualifications for the Financial Year ended March 31, 2021
[See Regulation 33 / 52 of the SEBI (LODR) (Amendment) Regulations, 2016]

i.	Sl. No.	Particulars	Audited Figures (Rs. in crore) (as reported before adjusting for qualifications)	Adjusted Figures (Rs. in crore) (audited figures after adjusting for qualifications)
	1.	Turnover / Total income	535.02	535.02
	2.	Total Expenditure	3,210.55	3,210.55
	3.	Net Profit/(Loss)	(2,665.27)	(2,665.27)
	4.	Earnings Per Share	(196.95)	(196.95)
	5.	Total Assets	8,239.90	8,239.90
	6.	Total Liabilities	11,540.67	11,540.67
	7.	Net Worth	(3,300.77)	(3,300.77)
	8.	Any other financial item(s) (as felt appropriate by the management)	Nil	Nil

ii. Audit Qualification (each audit qualification separately):

a. Details of Audit Qualification:

1. We draw attention to Note No. 6 of the standalone financial results with regards to the loan sanctioned under the Corporate Loan book with significant deviations to certain bodies corporate including group companies and outstanding as at March 31, 2021 aggregating to Rs. 4,979.89 crore and secured by charge on current assets of borrowers. As stated in the said note, in certain cases the corporate borrowers of Company's, have undertaken onward lending transactions and end use of the borrowings from the Company included borrowings by or for repayment of financial obligation to some of the group companies. These exposures to borrowers are secured against charge on current assets including in certain cases it's further guaranteed by the Group Companies. Further, the Company has provided Expected credit loss on loan and advance for the year ended March 31, 2021. The recovery against these loans are dependent on the recovery of onward lending of the borrowers which further depends on external factors not wholly within control of the Company. We were unable to obtain sufficient audit evidence about the recoverability of the aforesaid loans. Accordingly, we were unable to determine the consequential implications arising therefrom and it may have implications of adjustments, disclosures or compliances on certain elements in the accompanying standalone financial results of the Company.

2. The Company has entered into an Inter Creditors Agreement ("ICA") dated 6 July 2019 under the framework of the circular issued by the Reserve Bank of India on "Prudential Framework for Resolution of Stressed Assets" dated June 7, 2019. In view of ICA agreement, the Company has not recognized any penal interest and additional interest due to default and downgrade of the credit rating. Subject to balance confirmation and their reconciliation from banks/lenders other than principal amount, there is material unreconciled balance as per books of the Company and lenders/banks as at March 31, 2021. The impact, if any, due to non-recognition of the penal interest and additional interest as explained above, in the financial statements is not ascertainable at present. Accordingly, we are unable to comment on the completeness and accuracy of the bank balances, borrowings and interest expense thereof as at March 31, 2021, for the half year and year ended on that date respectively.

3. We draw attention to Note No. 5 of the standalone Ind AS financial statements which sets out the fact that, during the half year and the year ended the Company has incurred losses of Rs.1,417.38 crores and Rs. 2,665.27 crores respectively and it has accumulated losses of Rs. 5,998.19 crore as at 31 March 2021 resulting it has negative Capital to risk weighted assets ratio (CRAR) and negative net owned fund. The Company is engaged with all its lenders to enter into an Inter-Creditor Agreement (ICA) dated July 6, 2019 and subsequent extension of ICA till June 30, 2021 for the resolution of its debt in accordance with the circular dated June 7, 2019 issued by the Reserve Bank of India on Prudential Framework for Resolution of Stressed Assets. Resolution under Inter-Creditor Agreement (ICA) frame work for its debt depend on agreement with lenders and other external factors. In view of the steps taken by the Company along with Inter-Creditor Agreement (ICA), accordingly, the standalone Ind AS financial statements of the Company have been prepared on a going concern basis. The Company's ability to meet its obligations is significantly dependent on material uncertain events including restructuring of loans and achievement of debt resolution under Inter-Creditor Agreement (ICA) frame work that may cast significant doubt on the Company's ability to continue as a going concern.

	b.	**Type of Audit Qualification**	**Qualified Opinion**
	c.	**Frequency of qualification:** Whether appeared first time / repetitive / since how long continuing	1. Repetitive since March 31, 2020 2. First time 3. First time
	d.	**Audit Qualification(s) where the impact is quantified by the auditor, Management's Views** Not quantified hence not applicable	
	e.	**For Audit Qualification(s) where the impact is not quantified by the auditor:**	
		(i) Management's estimation on the impact of audit qualification:	Not estimated
		(ii) If management is unable to estimate the impact, reasons for the same The Company's exposure to the borrowers are secured against charge on current assets and is dependent on the recovery of onward lending of the borrowers which depends on external factors not wholly within control of the Company/borrower. The Company's ability to meet its obligation is dependent on material uncertain events including restructuring of loan portfolio, implementation of Resolution Plan as per the Inter-Creditor Agreement (ICA) dated July 6, 2019 executed by the lenders in accordance with the circular dated June 7, 2019 issued by the Reserve Bank of India (RBI) on Prudential Framework for Resolution of Stressed Assets.
